U. S. Trails 22 Treason Suspects

Justice Department Men Conducting Sweeping Investigations in Occupied Zones

Six Now Held

Speedy Trials Planned for Traitors Accused of Aiding Nazis

Washington, Feb. 19 (P)—Attorney General Tom Clark disclosed today that Justice Department investigators in Europe are on the trail of 22 Americans suspected of wartime treason.

Clark told a reporter he plans to send a special emissary to speed the collection of evidence against these suspects and six others already indicted for treason.

Timothy A. McInerney, the department's director of public information, will fly to Europe and make a survey of the investigations under way in Germany and other former Nazi-dominated countries.

Prominent Pastor Dies in Kingston

Rev. George B. Mead, 92, Was Oldest Member in Methodist Conference

The Rev. George B. Mead, oldest member in point of service of the New York Conference of the Methodist Church, died at his home, 176 Wall street, Kingston.

The Rev. Mr. Mead, who had been 93 years old in June, entered the ministry in 1881 as pastor of the Rhinecliff and Hillside churches. He had lived in Kingston since his retirement from active ministry in 1923.

A son of the Rev. Henry B. Mead and Lydia Sanford Mead, he was born on June 16, 1853, in Bankville, Conn.

Among churches served by the Rev. Mr. Mead during his 42 years in the ministry were Rockland, Rockland and Lew Beach, Vails Gate, Plattkill and Rossville, Stone Ridge (1902-04), Stevensville, Livingston Manor, South Rondout (1917-20).

He is survived by his wife, Mrs. Anna May Benedict Mead; a son, Raymond B. Mead of Cheshire, Conn.; two daughters, Mrs. Frank T. Wells of Canandaigua and Mrs. C. N. Henshaw of Chazy, N. Y.; a brother, Hawley S. Mead of Fort Lauderdale, Fla.; three grandsons, Gordon, Allan and Paul.

Funeral services will be held at the parlor of A. Carr and Son, 1 Pearl street, Thursday at one p. m. The remains will temporarily be placed in the receiving vault in Wiltwyck cemetery.

Hastings Has First Strike in 25 Years

Hastings-on-Hudson, N. Y., Feb. 19 (P)—This village of some 7,000 inhabitants had its first strike in more than 25 years today when 1,200 workers of the Anaconda Wire and Cable Co. plant here walked out.

Local 404 of the C.I.O. United Electrical, Radio and Machine Workers of America said the strike was called because of the firm's refusal to make a counter offer to demands for a \$2 daily wage increase.

Company officials declined comment.

Swedes in U.N.O.

Stockholm, Feb. 19 (P)—Foreign Minister Oesten Unden said today that the government would ask Parliament within two or three weeks for consent to join the United Nations. An application for membership will be made in autumn, he told the newspaper Aftonbladet.

Roosa Pleads Innocent To Assault on Ellsworth

John Roosa, 43, a negro of 49 Cedar street, was arrested Monday by the police on a warrant sworn out by Silas Ellsworth, charging the negro with third degree assault.

Roosa was arraigned that day before Judge Matthew V. Cahill in police court, and pleaded innocent to the charge. The hearing was adjourned until later. Bail was fixed at \$500.

The alleged assault occurred on Saturday night at the Stadium restaurant on North Front street. Ellsworth when he applied yesterday for a warrant had one eye bandaged.

Another \$40,000,000 For Veterans' Housing

Harrisburg, Pa., Feb. 19 (P)—John A. Kervick, regional director of the Federal Public Housing Authority, believes another \$40,000,000 may become available for temporary housing for veterans in a five-state area.

"We have allotted all the housing units for which we have funds," Kervick said here yesterday, "but there is now before Congress a bill to appropriate an additional \$250,000,000. Based on our share of the original \$191,000,000, the five states probably will have another \$40,000,000 out of the new appropriation."

He made the statement to a forum of representatives of 49 cities, boroughs and colleges in Pennsylvania who already have applied for temporary housing under the government's program.

Firemen Honor J. F. Sullivan

Joseph F. Sullivan, who for a half century has been a member of Union Hose Company, was presented with a handsome wrist watch suitably engraved Monday evening at a testimonial dinner at the engine house on East Union street. Fire Chief Joseph L. Murphy presented the watch in behalf of the fire company.

Seventy-five members of Union Hose and friends gathered at the engine house to pay their respects to a faithful member of 50 years.

Twenty-five members of Union Hose, who have returned from service in the armed forces, were in attendance.

Mr. Sullivan, who has passed the quarter century mark as an employee of the Kingston Daily Freeman, has a notable record of faithful civil service. A resident of the downtown section of this city his entire life, he is a favorite speaker at anniversaries.

Following the serving of a turkey dinner, a speaking program was held. Edward F. Moran, president of Union Hose Company, presided and introduced Mayor W. F. Edelmuth, who besides congratulating the guest of honor welcomed the men who have returned from service.

Other congratulations. The Rev. John J. Drew of St. Mary's Church in his congratulatory remarks stressed the virtue of faithfulness and fidelity to duty as displayed in a half century of volunteer service to the community.

Judge B. A. Culliton pointed out that 50 years for many men is a life time. He also spoke of the great number of discharge buttons in evidence at the banquet table. He extended best wishes to the guest of honor.

Alderman Amato, Supervisor Sinsapugh and Deputy Chief Matthews also extended congratulations.

Included among the guests was the Rev. Frank L. Gollnick, pastor of Trinity Lutheran Church, chaplain of the Kingston Fire Department.

Chief Presents Watch. Fire Chief Murphy speaking for the department and also Union Hose Company, of which he is a member, recalled many incidents of unusual interest to the members and in behalf of the company made the presentation to the guest of honor.

Mr. Sullivan in accepting the gift thanked all for their attendance and gave many of the humorous incidents occurring during the early days of the hand drawn and horse drawn fire apparatus. Citing the advances made in fire fighting and equipment during the past 50 years, he expressed a wide range of also related many changes in the lives of the membership of Union Hose.

The Rev. Mr. Gollnick pronounced the invocation and Father Drew gave the benediction.

Pick Group to Appraise Atomic Test Results

Washington, Feb. 19 (P)—President Truman is selecting a civilian board of five or six members to appraise the results of the atomic bomb tests on naval vessels in the Pacific.

Charles G. Ross, presidential press secretary, made this known today. He told reporters the civilian group will not control the tests, but simply will evaluate their results.

India Rioters Burn U. S. Flag, Assault Military Personnel

Bombay, Feb. 19 (P)—A mob of Indians, including a number wearing the uniform of the Royal Indian Navy, today tore the United States flag from the U. S. Information Service office here and burned the flag in the street.

Walter D. Shackleton, in charge of the office, said he had informed the American consulate and Ralph Block, principal public affairs officer of the U. S. I. S. at New Delhi, and that he was awaiting instructions concerning filing an official protest to the Indian and British governments.

Shackleton said that about 300 demonstrators who were marching in the street suddenly swarmed up to the U. S. I. S. office where the United States flag flew from a pole just over the door of the agency's library.

"One man climbed onto the shoulder of another man and tore down the flag," he said. "They ran around the corner

with the flag and when they failed in their efforts to set it afire with matches they obtained a newspaper, lit the paper and used this as a torch to burn the flag," Shackleton said.

Attack U. S. Sergeant. He said an unidentified American sergeant, who had a jeep parked near the U. S. I. S. headquarters, was hit on the shoulder with a shovel and clubs in the hands of some members of the mob, but he leaped into the vehicle and escaped, apparently without serious injury.

The mob stormed down Hornby Road, stopping military trucks and other vehicles. Some of the demonstrators attacked several British and Indian officers with clubs, the British Army Public Relations Office said. The crowd carried Congress party flags and shouted slogans.

N. Y. City's Tax Levies Are Upheld

Dewey Administration Pledges Support to New York Mayor in New Revenues

Seeks 100 Million

Hotels, Race Tracks and Mutuels To Be Chief Sources of Taxes

Albany, N. Y., Feb. 19—Mayor William O'Dwyer today proposed a four-year fiscal plan for New York City that included legislative authority to impose new local taxes totaling \$102,000,000, and he immediately received a pledge of cooperation from Governor Dewey's administration.

O'Dwyer said \$78,000,000 of the \$102,000,000 would be needed to balance the city's 1946-47 budget. He proposed taxes on pari-mutuel betting and business payrolls, hotel rooms, amusements, utilities and luxuries.

He asked specifically for: An additional 5 per cent tax on pari-mutuel betting, to be levied on the total daily play of tracks within the counties of Queens and Nassau. Seventy-five per cent of the proceeds of this tax received from Belmont Park would be paid to Nassau county and 25 per cent to New York City. Total revenue from tracks within Queens county would be paid to the city. He estimated the revenue at \$10,000,000.

A five per cent tax on telephone, electric, telegraph, steam and gas bills, to be levied in addition to any existing tax on such services. Estimated yield \$18,000,000.

New Luxury Tax. A five per cent tax on all luxury items sold at retail, such as furs, jewelry, toilet goods and luggage. This would be levied only in the event the existing federal tax was reduced to prewar rates, but would be in addition to any present city tax on such items. Estimated revenue, \$10,000,000.

O'Dwyer also requested legislative authority to: 1. Double the city's one per cent sales tax for four years, the proceeds to be used exclusively for rehabilitation of the rapid transit system and modernization of municipal power plants.

2. Establish a city airport authority so that further airport financing may be done on a revenue bond basis not involving the city's credit.

3. Establish a city marketing authority to be financed the same way.

City Employees Will Sue for Increase in Wages Through A.F.L. Union

Discrimination Charged in Case of Some Boosts; Suit Follows That of Police, Firemen

Papers are being prepared in an action to be brought against the city of Kingston to secure payment of salary increases due to all city employees, other than members of the Police and Fire Departments, as provided for by the resolutions adopted in the latter part of 1945 by the Common Council and various city boards.

The action is being brought by City Employees Union No. 136, A. F. of L., and carries out statements made by George E. Yerry, Union representative at the time of the adoption by the Common Council of the amended budget, in which many salary increases previously provided for were not included.

On previous occasions the Union has been accused of playing politics each time it has attempted to secure salary adjustments for the city employees. Mr. Yerry said this morning: "Since the Corporation Counsel has now welcomed the action taken by the police and firemen to secure similar wage relief, the Union now hopes that its action now will not be deemed political in nature," he added.

Discussing some of the angles of the case Mr. Yerry said: "The administration states that the two per cent tax limitation prevented it from including the salary increases provided for by the Common Council and other city boards and commissions. This limitation did not prevent raises in pay for some preferred positions. For example, three janitors under the jurisdiction of the Common Council did not receive increases authorized, whereas, three janitors in another department received raises up to \$280 per year. The latter now are receiving more per year than the others."

"While many employees were being denied increases others were given increases running from \$240 to \$740 per year. Many of these increases were in departments where salaries already were considerably higher than in other comparable departments."

It is to be noted that most of the employees who were denied increases have been in the employ of the city for many years, some of them as much as 25 years. The Union expects to discuss these salary differentials at greater length when the issue comes to trial."

It is understood that papers in the action will be served later this week. N. LeVan Haver represents the Union in the action.

Maybe It Was Face On Barroom Floor. Churchill, Man., Feb. 19 (P)—This village of 123 population, point of departure for the Canadian Army's "musk ox" expedition now pushing into the uncharted wastes of Arctic Canada, entertained its first winter tourist last night.

She was a middle-aged matron from Cleveland, Ohio—identity unknown—who remained in Churchill last night.

"She said she came to see the Northern Lights," said the railway agent. "She got in on the train last night and left when it went back to Winnipeg this morning."

From Churchill to Winnipeg by train is a five-day trip, with night stops in small villages to permit passengers to sleep in hotel beds.

P. S.—The Northern Lights were not on last night.

Pay Boosts Sanctioned By Board

Automatic Approval Is Given for Increases Planned Before New Price Formula

May Ask O.P.A.

Employers Are Allowed to Bypass Stabilizer Board for Rulings

Washington, Feb. 19 (P)—The National Wage Stabilization Board today ordered automatic approval, for price relief purposes, of all wage increases "lawfully made" before the new wage-price policy was announced.

In a blanket authorization, designed to clear the board's docket for an expected rush of new wage approval applications, the agency directed its 12 regional boards to clear out most of 669 cases on file prior to February 14.

The employers involved now may bypass the stabilization board and appeal directly to O.P.A. for price increases.

Wage cases included under today's order were those which, under the wage-price policy, were "heretofore lawfully made, or made in accordance with a government recommendation."

These "lawfully made" wage advances, the board told its regional officials, could be interpreted to cover "firm agreements between companies and unions or definite commitments by an employer to put a wage increase into effect."

Proof of such settlements would include "written announcements, agreements or some other convincing evidence," the board directed.

Among other companies affected by the authorization would be such major producers as the Chrysler and Ford companies and the General Motors Corporation electrical division, all of which made agreements prior to February 14.

Pauley Clears Hannegan Of Stigma in Oil Deal

Washington, Feb. 19 (P)—Edwin W. Pauley said today that neither Postmaster General Hannegan nor any other governmental official shares in his extensive oil and other financial holdings.

President Truman's nominee for Undersecretary of the Navy told the Senate Naval Committee, under questioning by Senator Tobey (R-N.H.), that he once discussed a possible investment by Hannegan in a California oil venture but it never materialized.

Tobey's questioning along this line caused Chairman Walsh (D-Mass.) to halt Pauley's answers until Tobey explained, under Walsh's prompting, that he expected to show that officials financially interested in Pauley's enterprises were backing his nomination.

Two Draft Contingents Will Leave March 4th

Another peacetime contingent for the armed forces will leave Kingston on Monday morning, March 4, at 10 o'clock for immediate induction, while a second contingent will leave at the same time for pre-induction physical tests.

Ten men will make up the contingent for immediate induction while the pre-induction group will number 14. The two contingents will be made up of men in the 18-year-old group.

Both contingents will be sent to an army induction center in Albany, and will make the trip by bus. The men for the armed forces will assemble in the draft board office for final instructions at 9:30 o'clock.

Clean Up Jap Trains

Tokyo, Feb. 19 (P)—Allied headquarters today directed the Japanese government to improve conditions on repatriation trains which carry non-Japanese to embarkation points. The directive reprimanded the government for permitting persons with communicable diseases to board crowded cars, failing to insure sufficient food and water, and furnishing filthy cars as quarters for American train guards.

Strikes at a Glance

(By The Associated Press)

Nation's idle because of labor disputes approximately 1,050,000, lowest total in month as about 427,000 of 750,000 striking steelworkers go back to jobs.

Major developments: Telephone—The settlement of the Philadelphia strike of American Telephone and Telegraph workers today removed threat of an immediate nation-wide strike of long distance operators.

Steel—New contracts granting at least 18 1/2 cents wage increase given to more than 55 per cent of 750,000 C.I.O. steelworkers who were on strike four weeks, 99 contracts signed, with every basic steel plant signed up.

Shipbuilding—18 cents an hour wage increase recommended for 450,000 workers in nation's shipbuilding industry by Shipbuilding Wage Stabilization Conference, but management opposes; proposal to Wage Stabilization Board for approval.

Farm machinery—Wage boost of 18 cents an hour for 30,000 employees of International Harvester Company in 10 plants, on strike since January 21, recommended by Federal Fact-Finding Board.

Automotive—Federal mediator continues efforts to settle 91-day-old General Motors strike, but no indications of quick settlement of dispute involving wages and security between corporation and C.I.O. United Auto Workers.

Transit—Union and management plan conference arranged by federal conciliator to end two weeks old strike of 220 A.F.L. bus and trolley workers of Conestoga Transportation Company in Lancaster, Pa., over wage demands, A.F.L.'s general strike described as not effective.

Bill Favors Facts Before Juries Can Censure Officials

Albany, N. Y., Feb. 19 (AP)—Republican and Democratic Senate leaders were committed today in favor of a bill making it illegal for grand juries lacking evidence to indict to make presentments censuring any public official or private individual.

The sponsor, Senator Walter J. Mahoney, Buffalo Republican, told his colleagues last night that presentments castigating persons unaccused of crime were un-American.

Republican Majority Leader Benjamin F. Feinberg and Democratic Minority Leader Elmer F. Quinn expressed approval of the measure, which is slated for early passage. Quinn, however, said he was willing to bet that Governor Dewey would veto it.

Senator Quinn cited as an example of what the Mahoney bill would prohibit, the recent Kings County Grand Jury presentment criticizing Mayor William O'Dwyer of New York city for alleged laxity in the handling of a murder case during O'Dwyer's tenure as Kings district attorney.

Quinn recalled that George Bellock, appointed by Dewey as acting district attorney when O'Dwyer entered the Army, was running for election to the post at the time the presentment was made.

In Albany last fall, the special grand jury that investigated the legislature at the behest of Dewey

hit at Assembly Democratic Leader Irwin Steingut, in its final presentment, for answers he gave the grand jury concerning his income and expenditures. This prompted Steingut to ask for an Assembly investigation of his affairs. The

Assembly in effect cleared Steingut by declining to investigate. Meanwhile, Democratic Chiefs prepared a statement on the fiscal relations between the state and New York city. They were expected to renew their demand for

more state aid than is contemplated under the Moore Commission program. Highly placed Democratic legislators said privately they understood O'Dwyer had abandoned hope of getting more state assist-

ance than the amount provided for New York city under the Moore plan and would settle for increased local taxing powers. Democratic legislative leaders favor continuing the fight for additional state aid. If increased local

taxation is the final alternative they want Dewey to shoulder some of the blame. They reiterate their contention that the Dewey administration is dealing unfairly with New York city. O'Dwyer is expected to ask the

legislature for power to impose amusement and racetrack betting and admission taxes. He already has asked for permission to double the one per cent sales tax. The city needs an extra \$85,000,000 or more to meet increased require-

ments in its 1946-47 fiscal year. Both Republican and Democratic legislators discounted reports that O'Dwyer and the city comptroller, Lazarus Joseph, had split over fiscal policy in relation to state assistance.

Presbyterian Men Witness 'Moving the Sun'

The development in home and industrial lighting was stressed last night when the Central Hudson Gas & Electric Corp. gave a demonstration of "moving the sun" at the dinner meeting of the Men's Club of the Rondout Presbyterian and Wurts Street Baptist Churches held in the church parlors.

The demonstration, which showed the development made in indoor lighting by the use of the fluorescent lamp, was interesting and instructive.

The Central Hudson representatives in charge of the program were Thomas Bashall, Marion Thornton and Dorothy Rhodes.

One of the highlights of the program was the showing of the black light. The demonstration was aimed to show how the use of fluorescent lamps would not only afford better lighting but at a much less cost to the householder.

The demonstration was given at the close of a chicken pie dinner with all the trimmings which was served by the committee.

The Central Hudson has shown this program of "Moving the Sun" before many other groups.

Expanded College Program Is Badly Needed in State

Albany, N. Y., Feb. 18 (AP)—Hearings of the 86 colleges and universities in the state will confer with Governor Dewey here March 7-8 to develop plans for accommodating a record number of students, including 75,000 war veterans.

The governor told the college presidents in a letter yesterday inviting them to the conference that they must expand their maximum capacity of 142,000 full-time students by at least 26 per cent and their housing facilities by 30 or 35 per cent to meet emergency needs.

Housing is the "first bottleneck," Dewey said, and he promised to lend "every assistance possible" in breaking it.

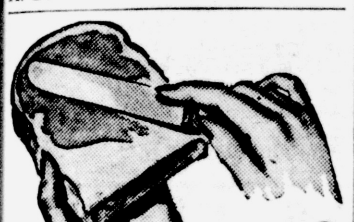

If high school graduates to go to college at their pre-war rate, Dewey predicted, enrollment from this source alone will be 105,000. This means that there will be educational facilities for only about 37,000 of the 75,000 or more veterans who may wish to enroll in the next year or two, he observed.

In addition to more housing, the extra-heavy enrollment will call for larger faculties and teaching loads, possible operation of college programs on two shifts a day, extension centers under college sponsorship and many other devices which your own ingenuity will suggest," Dewey advised the college presidents.

Want Restaurant in Capitol

Bills Proposed at Albany

Suggests Four Years

Albany, N. Y., Feb. 19 (AP)—A constitutional amendment continuing present state senators in office until December 31, 1950, and providing for four-year terms thereafter is advocated by Senator Pliny W. Williamson.

The Westchester Republican's measure, introduced last night, would end the present two-year senatorial term.

Wicks Bill

A bill to authorize the state to pay half the expenses of county and city veterans' service agencies was introduced by Senator Arthur H. Wicks, Kingston Republican.

Would Cut Primaries

The Senate passed, 30-10, over Democratic opposition, a bill to eliminate the spring primary in years when presidential electors are chosen. The measure, which went to the Assembly, would provide that the primary be held in June instead of April.

Senator Charles O. Burney, Jr., Buffalo Republican, maintained the primary election change would save taxpayers \$1,000,000 every four years. Democrats opposed the bill on the ground it would result in state legislators being nomi-

nated before the ticket heads had been chosen.

Another Burney bill which would continue the registration of persons who had registered in the previous general election in districts outside of cities and villages of 5,000 or more population was passed, 34-20, in the Senate and sent to the Assembly.

Voting against the measure, Democrats contended it would permit fraudulent registration. Existing law provides for the continuation on the register only of persons who voted, rather than just registered, in the previous general election.

Other Bills

Other bills introduced would: Provide that Supreme Court Justices receive an \$18,000 annual salary instead of \$15,000 beginning April 1, 1946, and ending March 31, 1949. (Williamson)

Appropriate \$50,000,000 for loans and grants to municipalities or local housing authorities to acquire vacant property for emergency housing for veterans. (Senator Arthur Wachtel, D, the Bronx)

Tighten Up

Mineola, N. Y., Feb. 19 (AP)—Motorists suspected of intoxication will be put through an addition to the standard sobriety test by Nassau county police beginning tomorrow.

The suspect—besides walking a chalkline—will have to recite: "Around the rough and rugged rocks the ragged rascal ran." And if he can't recite—he's tight.

Marital Cupid

Harrisburg, Pa., Feb. 19 (AP)—Daniel E. Sullivan, Emporium, Pa., farmer, told an army recruiting officer, "It's up to us older fellows to get the younger men home so they can get married and raise families." But the army turned a deaf ear. At 63, he was too old.

Dress Rehearsal

Buhl, Idaho, Feb. 19 (AP)—Buhl's firemen, dressed in their Sunday best for their annual Valentine ball, were about to begin the dance when the fire alarm rang. Out they ran and extinguished a small house fire. Then they returned to the hall, washed their hands and went on with the ball.

Painless Dentistry

Milwaukee, Feb. 19 (AP)—A few months ago one of Dr. Benjamin Weisbren's patients fainted just as he was to extract a tooth. The dentist waved a bottle of smelling salts under the patient's nose and then removed the aching tooth.

The patient came back for another extraction and suggested to Dr. Weisbren: "Use the same stuff you did before. It was wonderful."

The dentist waved the smelling salts and proceeded with the extraction.

"You better get a fresh bottle," the patient said, rubbing his jaw. "That stuff is getting weak."

Out of Nowhere

Clinton, Ill., Feb. 19 (AP)—Mrs. Ida Briggs is a woman without an official native state.

Celebrating her 75th birthday anniversary, she recalled she was the first of nine children of Nicholas and Lavina Girard, and she was born while the family was en route from Kansas to Illinois in a covered wagon. The Buffalo Trail wagon followed wasn't marked, so nobody was sure whether she was born in Kansas or Missouri.

Closes Local Office

Until further notice the navy recruiting room in the local post office building will be closed, Steve E. Smith, chief quartermaster of the Poughkeepsie recruiting office announced this morning. Smith said that Kingston enlistments will be handled through the Poughkeepsie office which is open daily from 9 to 6 o'clock.

Bill Favors Facts Before Juries Can Censure Officials

Albany, N. Y., Feb. 19.—(P)—Republican and Democratic Senate leaders were committed today in favor of a bill making it illegal for grand juries lacking evidence to indict to make presentments censuring any public official or private individual.

The sponsor, Senator Walter J. Mahoney, Buffalo Republican, told his colleagues last night that presentments castigating persons unaccused of crime were un-American.

Republican Majority Leader Benjamin F. Fanning and Democratic Minority Leader Elmer F. Quinn expressed approval of the measure, which is slated for early passage.

Quinn, however, said he was willing to let that Governor Dewey veto it.

Senator Quinn cited as an example of what the Mahoney bill would prohibit, the recent Kings County Grand Jury presentment castigating Mayor William O'Dwyer of New York city for alleged laxity in the handling of a murder case during O'Dwyer's tenure as Kings district attorney.

Quinn recalled that George Beldeck, appointed by Dewey as acting district attorney when O'Dwyer entered the Army, was running for election to the post at the time the presentment was made.

In Albany last fall, the special grand jury that investigated the legislature at the behest of Dewey

hit at Assembly Democratic Leader Assembly in effect cleared Stein more state aid than is contemplated in the present program.

Meanwhile, Democratic Chiefs prepared a statement on the fiscal relations between the state and local taxing powers. They were expected to renew their demand for hope of getting more state assistance than the amount provided for New York city under the Moore plan and would settle for increased local taxing powers.

Democratic legislative leaders favor continuing the fight for additional state aid. If increased local

taxation is the final alternative they want Dewey to shoulder some of the blame. They reiterate their contention that the Dewey administration is dealing unfairly with New York city.

O'Dwyer is expected to ask the

city needs an extra \$65,000,000 or split over fiscal policy in relation to state assistance.

Both Republican and Democratic legislators discounted reports that O'Dwyer and the city comptroller, Lazarus Joseph, had asked for permission to double the one per cent sales tax. The city needs an extra \$65,000,000 or split over fiscal policy in relation to state assistance.

HAIDING SMALL BUSINESS

Governor Dewey's program for developing and expanding small business in New York State went into high gear Monday with the publication of State-sponsored advertisements in the newspapers of the state.

The advertisements announce the publication of a small booklet, "Big Aids for Building Small Business," which outlines the entire program, including the small business series of pamphlets which cover every phase of the establishment and operation of small businesses.

The Department of Commerce, which has a regional office located here, states its goal is the establishment of enough new enterprises to more than offset the 100,000 that closed during the war and to provide for what might have been expected as the normal growth in that field during the same period.

Veterans, demobilized war workers and small businessmen may receive the booklets without cost. A coupon for this purpose appeared in the advertisement published in Monday's issue of The Freeman.

Small business has been found to provide ninety per cent of New York State's employment and with this in mind the Department is making this effort to stimulate its expansion.

Together with the newspaper advertising campaign, there will be a community drive to prepare for individual consultations, small business courses and other means of informing the prospective small business operator of local conditions and needs and how to fit into the local business setup.

This is very important as new businesses will be set up with a greater chance of avoiding the usual pitfalls facing such enterprises and therefore a greater chance of success.

The Kingston Chamber of Commerce is participating in this small business campaign and is especially interested in giving assistance to all those who contemplate entering business.

WHITE HOUSE VISITOR

President Truman had to forego his expected vacation to Florida. Apparently at that time he had planned to visit with Britain's former prime minister, Winston Churchill, also vacationing there. Last week the great Churchill took a bumpy plane ride to Washington and the two men had a good talk at the White House. Speculation had it the subject, unannounced, was the \$3,750,000 loan to Britain up before Congress.

Out of office though he is, Churchill still serves England. It speaks well for both English-speaking countries that a former prime minister of one and the president of the other, can sit down together, waiving formalities and talk through problems affecting both nations. Anything that promotes friendships between national leaders works for the good of the world. Acquaintance breeds peace.

WIVES GO TO SOLDIERS

General MacArthur hopes Congress will make it possible for wives of all ranks of the occupation army to join their husbands within a few months. He points out that while conditions will be rugged like "pioneer days of our own west in the 19th century" he believes that "wives of our men will welcome the opportunity to share hardships with their husbands." And a Cleveland Red Cross worker, Mrs. Henry J. John, lately returned from Germany, advocates army wives joining men in the occupation army to combat "the evils of fraternization between American soldiers and frauleins."

Moving the wives certainly would go a long way toward clearing up demands for demobilization of occupation armies.

'These Days'

By George E. Sokolsky

THE PARLIAMENT OF MAN

The first session of U.N.O. was not a failure as the skeptical anticipated. The Iran settlement was, of course, a disappointment. When a mouse is ordered to negotiate in private and secret with a bear, it is likely that the mouse will ultimately be trodden underfoot. The courageous rejection by Ernest Bevin of the Russian slanders concerning Greece and Java was in the best parliamentary tradition, for while Britain's conduct may or may not be defensible in toto, Bevin, by insisting upon an open discussion and an open vote, established precedents for nations great and small.

This session would have established greater respect and authority had U.N.O. immediately plunged into the Yalta secret agreements, particularly as regards Manchuria where the Japanese Twenty-One Demands, rejected since 1915, have been granted in full to Russia, not by the willing consent of China but by the private corruptions of Roosevelt, Churchill and Stalin. In this deal lie the germs of a century of civil war and revolution and a prospective world war. China may today, after 15 years of war and desolation, bend like its proverbial willows, but it will never forget. Manchuria and all that is therein contained, even if it takes the slaughter of a hundred million men to regain it.

U.N.O. missed an opportunity to assert its moral authority in that, but the answer is that China filed no protest and will not until there is prospect for some measure of success. The Chinese can wait. But U.N.O. cannot wait if its goal is to create a world climate for peace.

U.N.O. might also have injected itself into the Palestinian question which will grow more complex as the remnants of the European Jews continue to seek a place to live. It is not realistic to assume that if they are not all killed and dead within the next decades, the remainder may dwell in Europe. The historical fact is that in periods of aggravated hunger and a constantly lowering standard of living, the "law of mine and thine" dominates the minds of men. When each crust of bread counts, it is bread for mine that controls all human action. The idealists, who insist that a Jew ought to be permitted to live in Europe wherever he chooses, speak justly but impractically. Anti-Semitism has taken its toll since V-E Day and will continue. The only rational solution to this problem is increased Jewish immigration to Palestine and as this is beset with difficulties, U.N.O. might have stepped in to show that it faces difficulties with moral courage.

The site question was badly handled. The Jugoslav, Gavrilovic, rushed about New York as though he owned the place, talked bigger than he would have dared in his own totalitarian country, planned on a grandiose scale with other people's homes and set an example of the brutality of the collectivist mind that will not soon be forgotten. He has created an atmosphere of suspicion of U.N.O. purposes and methods. At most, U.N.O. requires a center as large as the average American college campus—perhaps, to be generous, a 500-acre area. That should readily be available. A 45 square mile extra-territorial enclave is unnecessary and should not be tolerated. Even a five square mile area is not to be considered if extraterritoriality is to be the rule.

U.N.O. would be unwise to get itself bottled up either in the United States Senate or the United States courts over this question and if the Europeans feel that extraterritoriality is essential, they had better resolve now to find a site outside the United States, for in this country, the law still prevails and the rights of one citizen are as sacred as those of the entire population. No American can be made a displaced person, to suit a political exigency, although even that was done during this desolate war as regards the Nisei. But the war is over and Americans are reasserting their Constitution.

The next session of the Parliament of Man will be in New York during September. It is to be hoped that nothing will intervene to keep it from meeting under the general management of Grover Whalen, master of ceremonies extraordinaire. (Copyright, 1946, King Features Syndicate, Inc.)

THAT BODY OF YOURS

By James W. Barton, M.D.

(Registered in accordance with the Copyright Act.)
"FAMILY HISTORY" IS IMPORTANT

One of the great advances in the treatment of hospital patients has been the employment of trained social workers. The social worker talks to the patient, learns what may be on his mind worrying him, then visits the home and in a tactful way talks to the husband, wife, or parent of the patient. Returning to the patient she is able to reassure him or her as to conditions at home, thus aiding in the recovery of the patient.

That a great deal can be done for the patient if the physician or internist taking the history of his illness also obtains his "family history" is stated in an editorial by Dr. Ralph L. Gorrell in Clinical Medicine. Thus Henry B. Richardson in "Patients Have Families" states that there is no medical reason why family history should not be included in the medical history of the patient. Not just a history of the health of the patient's family but a statement regarding their family life including sex life and other domestic or home conditions.

Physicians tend to not only treat the patient's illness or condition as if the illness alone should be considered but also ignore the effect or influence of various members of the family on the patient. Thus the remarks or criticisms of the family may in themselves bring on a peptic ulcer (or a persistent diarrhoea—colitis—or an attack of tachycardia—rapid beating of the heart).

Another point mentioned by Dr. Gorrell is that this "new" specialty in medicine called Psychosomatic Medicine where the emotions are shown to greatly affect the body processes and organs, is not new. "It is merely a return to the old general practitioner's method of handling people (the whole family) rather than simply treating the disease of the patient."

The thought then is that the "whole" or "full" history of a patient's illness cannot be obtained unless the family history be obtained also, and insofar as possible investigated.

A patient who is fighting an illness whether the illness is from an organic cause or because of emotional disturbances requires the care and judgment of a physician who knows the full history of his case.

Highland, Feb. 18—An active meeting of the Lloyd Rod and Gun Club was held at the Erichsen cooler Tuesday evening with the new president, John Batten, presiding. Miss Doris Cole has returned to her posting in the Wallace store, Poughkeepsie, following an illness. The committee also elected Judge James Jenkins to serve as treasurer to fill the post vacated by William G. Merritt, who had filed his resignation. Judge Schirick held the post of county chairman for several years. From politics to entertainment is just a brief jump, and on July 6, 1925, George C. Gildersleeve assumed the management of the two theatres in Catskill, the Community and the Smalley.

Mr. Gildersleeve had been serving as manager of the Keeney Theatre on Wall street and the old Kingston Opera House since it had been under the control of O. S. Hathaway. Mr. Gildersleeve was a well known theatrical man and when still a young man he had been associated in the management of the old Kingston Opera House, when Charles DuBois was manager. Mr. Edmonston, who died some years ago, was first appointed superintendent of the City Home during the administration of Roscoe Irwin as mayor, and held the post through succeeding administrations. He was considered one of the best administrators of the City Home in its history. Dr. O. D. B. Ingalls on July 3, 1915, opened an office for the practice of medicine in this city. For a number of years Dr. Ingalls had his office on Broadway, at Franklin street. He is still an active member of the profession and a member of the staff of the Kingston Hospital.

"At Century's Turn"

The Cornell estate deeded to the city in July, 1925, the present site of Cornell Park on Wurts street. The deed was accepted with thanks at the meeting of the Board of Public Works that month.

For several months the board had been considering the advisability of opening a park in the downtown section of the city. The site offered by the Cornell estate was considered ideal by the members of the public works board, and plans were made to use the lower level of the site for playground purposes and the upper level, fronting on Wurts street, for general park purposes.

Turning for a minute to the political history of the city on July 14, 1925, former Mayor Roscoe Irwin filed his resignation as Democratic county chairman and the county committee, he had been serving as head of the Democratic party since 1909.

Press of business prompted Mr. Irwin to decide to give up the reins he had held for so many years, and at a meeting of the county committee on July 16, of that year, his resignation was accepted and City Judge Harry E. Schirick, now a supreme court justice, was unanimously chosen to fill the vacant post.

The committee also elected Judge James Jenkins to serve as treasurer to fill the post vacated by William G. Merritt, who had filed his resignation. Judge Schirick held the post of county chairman for several years. From politics to entertainment is just a brief jump, and on July 6, 1925, George C. America No Less Ambitious Than Other Countries With Its Plans for Spy System, Propaganda Scheme

By DAVID LAWRENCE

Washington, Feb. 19—There's an old saying that people in glass houses shouldn't throw stones. The American people can hardly blame the Russians for their efforts to ferret out secrets from the Canadian government or any other government when the United States government is making preparations to use a world-wide spy system itself. The use of espionage in wartime has always been recognized as a parity with the other weapons of war. It is not surprising that the United States has been advocating before congressional committees and undoubtedly government funds will be provided for the purpose.

The time when the habits of the war period are carrying over to peacetime is no better illustrated than in the plan of the American government to enter the propaganda field and spread out officially colored views in all parts of the world. The secret controversy between the press associations and the State Department as to the supply of news to the department to be incorporated in its foreign broadcasts is really of secondary importance compared to the openly announced purpose of the Washington government to conduct an official propaganda machine.

There are some observers who see little difference between the Communist and Fascist propaganda machines, on the one hand, which in the last decade or more have received official sanction by governments in Europe and the plan of the American government likewise to adopt propaganda methods so as to put across a certain viewpoint in foreign lands.

But it will be contended that it is essential to get the American viewpoint known in foreign countries and that the American news agencies do not penetrate all countries. These American news agencies have built up a reputation for integrity—and integrity means complete separation from the influence of any government or from the receiving of governments funds.

In the few places in the world where the American press associations do not cover, and indeed in all countries, there is no reason why American embassies and legations should not furnish newspapers these copies of all official texts and any information needed by the press to answer questions concerning American policies.

But this is a far different thing from a propaganda broadcast in which the United States government agencies would be sending out certain statements which the listener could be asked to believe are authentic and which, if presented between bulletins of the press associations, could hurt the peace of the new disseminating companies by creating the impression that the Goebbels' technique has finally prevailed in the democratic countries.

Plenty of information about the United States can be distributed through official channels, but there is no reason why the American government to enter the business of distributing news or of giving out interpretations of news which it will not sponsor officially. During the war, broadcasts of an editorial nature were written to influence opinion in foreign countries and in local warfare, as it was then called, was generally conceded to be desirable as a means of stirring up revolt in enemy countries and shortening the war.

But in peacetime it is not the function of the American government to attempt to influence public opinion in other countries through the questionable methods of broadcast propaganda which the United States itself so often has denounced, whether it emanates from front or back. Arms Found in Manhole May Be Degnan Girl's

Chicago, Feb. 19 (AP)—The arms from the body of a young girl believed to be Suzanne Degnan, 6, kidnapped, killed and dismembered on January 7, were found today in a manhole three blocks from the Degnan home.

All other parts of the little girl's body were recovered the night of the kidnapping in four sewer catch basins within two blocks of the residence of her parents, Mr. and Mrs. James E. Degnan, at 5943 Kenmore avenue.

In Chicago's most extensive manhunt for the fiendish killer, sewer department crews, police, firemen and neighbors searched alleys, sewers and every other possible place for the arms of the little victim.

The arms found today were located by Commonwealth Edison Company workmen in a manhole in North Broadway, 100 feet north of Hollywood avenue.

Twenty Believed Dead In New Orleans Fire

New Orleans, Feb. 19 (AP)—A terrific explosion, followed by fire, leveled a three-story apartment building in the downtown residential area here today, killing an undetermined number of persons and injuring a score of others.

Fire Chief Frank Rivard and police estimated that a score or more of persons, all Negroes, lost their lives in the blast or fire, while a score of others were injured.

They said the building housed 33 residents. The blast occurred at 6:35 a. m., while the occupants were getting breakfast or preparing to go to work.

Army and Navy ambulances were called into service to augment city ambulances in rescue work. Service men from the port of embarkation and the Navy also aided police and firemen.

Pius Prepares Major Address on Catholicism

Vatican City, Feb. 19 (AP)—Pope Pius XII may make a major pronouncement on the position of the Roman Catholic Church in the uneasy world situation when the new cardinals gather tomorrow to receive their first insignia of office from the pontiff.

The forecast of a major Papal pronouncement was made tonight. The Pontiff's address will be delivered after he places birettas on the heads of the new cardinals present at the Vatican. The colorful ceremony will be held in the Hall of Benedictions over the portico of St. Peter's Basilica. Vatican attaches said they understood the Pope's broadcast address at the conclusion of the ceremony was expected to last 30 to 40 minutes and would be an important review of war-inherited problems of the world.

Expanded College Program Is Badly Needed in State

Albany, N. Y., Feb. 18 (AP)—Heads of the 86 colleges and universities in the state will confer with Governor Dewey here March 7-8 to develop plans for accommodating a record number of students, including 75,000 war veterans.

The governor told the college presidents in a letter yesterday that they must expand their maximum capacity of 142,000 full-time students by at least 26 per cent and their housing facilities by 30 or 35 per cent to meet emergency needs.

Housing is the "first bottleneck," Dewey said, and he promised to lend "every assistance possible" in breaking it.

If high school graduates to go to college at their pre-war rate, Dewey predicted, enrollment from this source alone will be 105,000. "This means that there will be educational facilities for only about 37,000 of the 75,000 or more veterans who may wish to enroll in the next year or two," he observed.

In addition to more housing, the extra-heavy enrollment will call for larger faculties and teaching loads, possible operation of college programs on two shifts a day, extension of college hours, and many other devices which your own ingenuity will suggest," Dewey advised the college presidents.

For Children With Cancer. Flashes of Life Sketched in Brief

Part of the \$4,000,000 fund for Memorial Cancer Center, 444 East 68th street, New York, will be used to enlarge its children's ward—the only ward in the world devoted exclusively to the care of children suffering from cancer. Shown in the picture are Thomas Wilcox McNabola, 13 years old, of 193 Franklin street, Fall River, Massachusetts, and his mother, Mrs. John McNabola. Mrs. McNabola said her son recently had been operated on for a tumor and that she had brought him to Memorial for observation.

Bills Proposed at Albany

Suggests Four Years
Albany, N. Y., Feb. 19 (AP)—A constitutional amendment continuing present state senators in office until December 31, 1950, and providing for four-year terms thereafter is advocated by Senator Pliny W. Williamson.

The Westchester Republican's measure, introduced last night, would end the present two-year senatorial term.

Wicks Bill
A bill to authorize the state to pay half the expenses of county and city veterans' service agencies was introduced by Senator Arthur H. Wicks, Kingston Republican.

Republicans and Democrats clashed last night over election laws.

Would Cut Primaries
The Senate passed, 30-10, over Democratic opposition, a bill to eliminate the spring primary in years when presidential electors are chosen. The measure, which went to the Assembly, would provide that the primary be held in June instead of April.

Senator Charles O. Burney, Jr., Buffalo Republican, maintained the primary election change would save taxpayers \$1,000,000 every year.

Prohibit solicitation by an official before the ticket heads had been chosen.

Another Burney bill which would continue the registration of persons who had registered in the previous general election in districts outside of cities and villages of 5,000 or more population was passed, 34-20, in the Senate and sent to the Assembly.

Voting against the measure, Democrats contended it would permit fraudulent registration. Existing law provides for the continuation on the register only of persons who voted, rather than just registered, in the previous general election.

Other Bills
Other bills introduced would: Provide that Supreme Court Justices receive an \$18,000 annual salary instead of \$15,000 beginning April 1, 1946, and ending March 31, 1949. (Williamson)

Appropriate \$50,000,000 for loans and grants to municipalities or local housing authorities to acquire vacant property for emergency housing for veterans. (Senator Arthur Wachtel, D, the Bronx).

Voting against the measure, Democrats contended it would permit fraudulent registration. Existing law provides for the continuation on the register only of persons who voted, rather than just registered, in the previous general election.

Tighten Up

Mineola, N. Y., Feb. 19 (AP)—Motorists suspected of intoxication will be put through an addition to the standard sobriety test by Nassau county police beginning tomorrow.

The suspect—besides walking a chalkline—will have to recite: "Around the rough and rugged rocks the ragged rascal ran." And if he can't recite—he's tight.

Marital Cupid

Harrisburg, Pa., Feb. 19 (AP)—Daniel E. Sullivan, Emporium, Pa., farmer, told an army recruiting officer, "It's up to us older fellows to get the younger men home so they can get married and raise families." But the army turned a deaf ear. At 63, he was too old.

Dress Rehearsal

Buhl, Idaho, Feb. 19 (AP)—Buhl's firemen, dressed in their Sunday best for their annual Valentine ball, were about to begin the dance when the fire alarm rang. Out they ran and extinguished a small house fire. Then they returned to the hall, washed their hands and went on with the ball.

Painless Dentistry

Milwaukee, Feb. 19 (AP)—A few months ago one of Dr. Benjamin Weisbren's patients fainted just as he was to extract a tooth. The dentist waved a bottle of smelling salts under the patient's nose and then removed the aching tooth.

The patient came back for another extraction and suggested to Dr. Weisbren: "Use the same stuff you did before. It was wonderful."

The dentist waved the smelling salts and proceeded with the extraction. "You better get a fresh bottle," the patient said, rubbing his jaw. "That stuff is getting weak."

Out of Nowhere

Clinton, Ill., Feb. 19 (AP)—Mrs. Ida Briggs is a woman without an official native state.

Celebrating her 75th birthday anniversary, she recalled she was the first of nine children of Nicholas and Lavina Girard, and she was born while the family was en route from Kansas to Illinois in a covered wagon. The Buffalo Trail the wagon followed wasn't marked, so nobody was sure whether she was born in Kansas or Missouri.

Closes Local Office

Until further notice the navy recruiting room in the local post office building will be closed, Steve E. Smith, chief quartermaster of the Poughkeepsie recruiting office announced this morning. Smith said that Kingston enlistments will be handled through the Poughkeepsie office which is open daily from 9 to 6 o'clock.

but **BALLANTINE** Ale & Beer
always means: Purity, Body, Flavor

There's the blow that winds up the fight... there's the blow that puts out the light. Clearly, blow is a confusing word. It fools you because it has more than one meaning.

But take Ballantine (as who wouldn't?). Here's a word that never fooled anyone. Ballantine always means PURITY, BODY, FLAVOR... the qualities symbolized by Peter Ballantine's famous 3-ring trade mark. Enjoy them, this very day. Look for the 3 rings... call for Ballantine. KINGSTON, NEW YORK, FEBRUARY 19, 1946

AIDING SMALL BUSINESS

Governor Dewey's program for developing and expanding small business in New York State went into high gear Monday with the publication of State-sponsored advertisements in the newspapers of the state.

The advertisements announce the publication of a small booklet, "Big Aids for Building Small Business," which outlines the entire program, including the small business series of pamphlets which cover every phase of the establishment and operation of small businesses.

The Department of Commerce, which has a regional office located here, states its goal is the establishment of enough new enterprises to more than offset the 100,000 that closed during the war and to provide for what might have been expected as the normal growth in that field during the same period.

Veterans, demobilized war workers and small businessmen may receive the booklets without cost. A coupon for this purpose appeared in the advertisement published in Monday's issue of The Freeman.

Small business has been found to provide ninety per cent of New York State's employment and with this in mind the Department is making this effort to stimulate its expansion.

Together with the newspaper advertising campaign, there will be a community drive to prepare for individual consultations, small business courses and other means of informing the prospective small business operator of local conditions and needs and how to fit into the local business setup.

This is very important as new businesses will be set up with a greater chance of avoiding the usual pitfalls facing such enterprises and therefore a greater chance of success.

The Kingston Chamber of Commerce is participating in this small business campaign and is especially interested in giving assistance to all those who contemplate entering business.

WHITE HOUSE VISITOR

President Truman had to forego his expected vacation to Florida. Apparently at that time he had planned to visit with Britain's former prime minister, Winston Churchill, also vacationing there. Last week the great Churchill took a bumpy plane ride to Washington and the two men had a good talk at the White House. Speculation had it the subject, unannounced, was the \$3,750,000,000 loan to Britain up before Congress.

Out of office though he is, Churchill still serves England. It speaks well for both English-speaking countries that a former prime minister of one and the president of the other, can sit down together, waiving formalities and talk through problems affecting both nations. Anything that promotes friendships between national leaders works for the good of the world. Acquaintance breeds peace.

WIVES GO TO SOLDIERS

General MacArthur hopes Congress will make it possible for wives of all ranks of the occupation army to join their husbands within a few months. He points out that while conditions will be rugged like "pioneer days of our own west in the 19th century" he believes that "wives of our men will welcome the opportunity to share hardships with their husbands." And a Cleveland Red Cross worker, Mrs. Henry J. John, lately returned from Germany, advocates army wives joining men in the occupation army to combat "the evils of fraternization between American soldiers and frauleins."

Moving the wives certainly would go a long way toward clearing up demands for demobilization of occupation armies.

AMERICAN OPPORTUNITY

"When Greek meets Greek," runs the old adage, "then comes the tug of war." And conversely, in modern times, when strikes are settled sincerely and in earnest, then comes a new era of progress and prosperity. Our nation, in general, is ready and willing right now to enter on a course of production.

'These Days'

By George E. Sokolsky

THE PARLIAMENT OF MAN

The first session of U.N.O. was not a failure as the skeptical anticipated. The Iran settlement was, of course, a disappointment. When a mouse is ordered to negotiate in private and secret with a bear, it is likely that the mouse will ultimately be trodden underfoot. The courageous rejection by Ernest Bevin of the Russian slanders concerning Greece and Java was in the best parliamentary tradition, for while Britain's conduct may or may not be defensible in toto, Bevin, by insisting upon an open discussion and an open vote, established precedents for nations great and small.

This session would have established greater respect and authority had U.N.O. immediately plunged into the Yalta secret agreements, particularly as regards Manchuria where the Japanese Twenty-One Demands, rejected since 1915, have been granted in full to Russia, not by the willing consent of China but by the private corruptions of Roosevelt, Churchill and Stalin. In this deal is the germ of a century of civil war and revolution and a prospective world war. China may today, after 15 years of war and desolation, bend like its proverbial willows, but it will never forget Manchuria and all that is therein contained, even if it takes the slaughter of a hundred million men to regain it.

U.N.O. missed an opportunity to assert its moral authority in that, but the answer is that China filed no protest and will not until there is prospect for some measure of success. The Chinese can wait. But U.N.O. cannot wait if its goal is to create a world climate for peace.

U.N.O. might also have injected itself into the Palestinian question which will grow more complex as the remnants of the European Jews continue to seek a place to live. It is not realistic to assume that if they are not all killed and dead within the next decades, the remainder may dwell in Europe. The historical fact is that in periods of aggravated hunger and a constantly lowering standard of living, the "law of nine and thine" dominates the minds of men. When each crust of bread counts, it is bread for mine that controls all human action. The idealists, who insist that a Jew ought to be permitted to live in Europe wherever he chooses, speak justly but impractically. Anti-Semitism has taken its toll since V-E Day and will continue. The only rational solution to this problem is increased Jewish immigration to Palestine and as this is beset with difficulties, U.N.O. might have stepped in to show that it faces difficulties with moral courage.

The site question was badly handled. The Yugoslav, Gavrilovic, rushed about New York as though he owned the place, talked bigger than he would have dared in his own totalitarian country, planned on a grandiose scale with other people's homes and set an example of the brutality of the collectivist mind that will not soon be forgotten. He has created an atmosphere of suspicion of U.N.O. purposes and methods. At most, U.N.O. requires a center as large as the average American college campus—perhaps, to be generous, a 500-acre area, that should readily be available. A 45 square mile extra-territorial enclave is unnecessary and should not be tolerated. Even a five square mile area is not to be considered if extra-territoriality is to be the rule.

U.N.O. would be unwise to get itself bottled up either in the United States Senate or the United States courts over this question and if the Europeans feel that extra-territoriality is essential, they had better resolve now to find a site outside the United States, for in this country, the law still prevails and the rights of one citizen are as sacred as those of the entire population. No American can be made a displaced person to suit a political exigency—although even that was done during this desolate war as regards the Nisei. But the war is over and Americans are reasserting their Constitution.

The next session of the Parliament of Man will be in New York during September. It is to be hoped that nothing will intervene to keep it from meeting under the general management of Grover Whalen, master of ceremonies extraordinaire. (Copyright, 1946, King Features Syndicate, Inc.)

THAT BODY OF YOURS

"FAMILY HISTORY" IS IMPORTANT

One of the great advances in the treatment of hospital patients has been the employment of trained social workers. The social worker talks to the patient, learns what may be on his mind worrying him, then visits the home and in a tactful way talks to the husband, wife, or parent of the patient. Returning to the patient she is able to reassure him or her as to conditions at home, thus aiding in the recovery of the patient.

That a great deal can be done for the patient if the physician or intern taking the history of his illness also obtains his "family history" is stated in an editorial by Dr. Ralph L. Gorrell in Clinical Medicine. Thus Henry B. Richardson in "Patients Have Families" states that there is no medical reason why family history should not be included in the medical history of the patient. Not just a history of the health of the patient's family but a life and other domestic or home conditions.

Physicians tend to not only treat the patient's illness or condition as if the illness alone should be considered but also ignore the effect or influence of various members of the family on the patient. Thus the remarks or criticisms of the family may in themselves bring on a peptic ulcer or a persistent diarrheal colitis, or an attack of tachycardia, rapid beating of the heart.

Another point mentioned by Dr. Gorrell is that this "new" specialty in medicine called Psychosomatic Medicine, where the emotions are shown to greatly affect the body processes and organs, is not new. It is merely a return to the old general practitioner's method of handling people (the whole family) rather than simply treating the disease of the patient.

The thought then is that the "whole" or "full" history of a patient's illness cannot be obtained unless the family history be obtained also, and insofar as possible investigated.

A patient who is fighting an illness whether the illness is from an organic cause or because of emotional disturbances requires the care and judgment of a physician who knows the full history of his case.

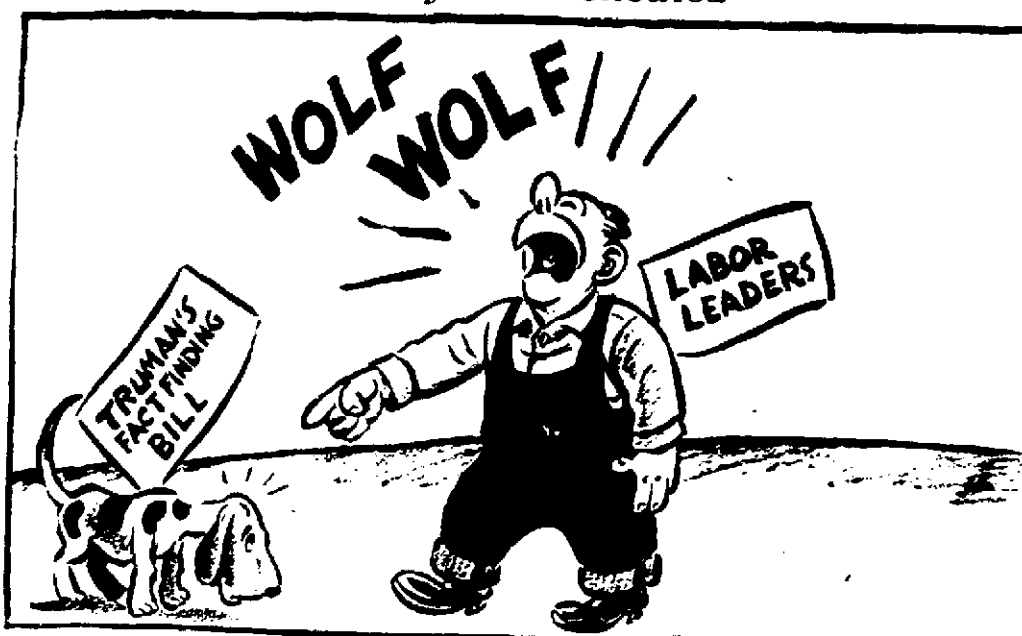

Scourge

We should all know as much as possible about the two dreaded social diseases, gonorrhea and syphilis. Send ten cents and a three cent stamp to cover cost of handling and mailing, to The Red Cross Library in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. Y., and ask for Dr. Barton's booklet entitled "Scourge," giving it a new era of great abundance which might last for decades.

It depends largely on whether our nation, in groups or collectively, fritters away its energy and skill in futile controversy among economic groups.

When these GI Joes join their GI Gals, you have one guess as to who'll rule the roost.

Mrs. Nathan D. Williams and Mrs. Harry Colyer are hostesses to Chapter A. P. E. O. at the home of the former Thursday afternoon. Officer's reports will be given.

FISH HAS NO CHANCE

Nylon fishing lines from America, now on sale in Sydney, Australia, are a little too strong for those who fish for sport, according to amateur anglers. Once hooked, the fish has no chance, they say, as they recommend the new lines to commercial fishermen.

"A Century's Turn"

By H. L. VAN DEUSEN

The Cornell estate deeded to the city in July, 1925, the present site of Cornell Park on Wurts street. The deed was accepted with thanks at the meeting of the Board of Public Works that month.

For several months the board had been considering the advisability of opening a park in the downtown section of the city.

The site offered by the Cornell estate was considered ideal by the members of the public works board, and plans were made to use the lower level of the site for playground purposes and the upper level, fronting on Wurts street, for general park purposes.

Turning for a minute to the history of the city on July 14, 1925, former Mayor Roscoe Irwin filed his resignation as Democratic county chairman with the county committee.

Press of business prompted Mr. Irwin to decide to give up the reins he had held for so many years, and at a meeting of the county committee on July 16, of that year, his resignation was accepted and City Judge Harry E. Schirick, now a supreme court justice, was unanimously chosen to fill the vacant post.

The committee also elected Judge James Jenkins to serve as treasurer to fill the post vacated by William G. Merritt, who had filed his resignation.

Judge Schirick held the post of county chairman for several years. From politics to entertainment is just a brief jump, and on July 6, 1925, George C. Gildersleeve accepted the management of the theatre in Catskill, the Community and the Smalley.

Mr. Gildersleeve had been serving as manager of the Kenney Theatre on Wall street and the old Kingston Opera House since it had been under the control of O. S. Hathaway.

Mr. Gildersleeve was a well known theatrical man and when still a young man he had been associated in the management of the old Kingston Opera House, when Charles DuBois was manager. At the death of Mr. DuBois he had been appointed manager, a post he held until 1925.

Thomas H. Edmonston, who had served as superintendent of the City Home for many years, was elected president of the New York State Association of County Supervisors of the Poor, at the annual convention held on June 27, 1925, in Jamestown.

Mr. Edmonston, who died some years ago, was first appointed superintendent of the City Home during the administration of Roscoe Irwin as mayor, and held the post through succeeding administrations.

He was considered one of the best administrators of the City Home in its history.

Dr. O. D. B. Ingalls on July 3, 1915, opened an office for the practice of medicine in this city. For a number of years Dr. Ingalls had his office on Broadway, at Franklin street. He is still an active member of the profession and a member of the staff of the Kingston Hospital.

The F. L. Russell Corp. has elected their officers for the year as follows: Fabian Russell, president and treasurer; Mrs. Fabian Russell, vice president; Robert A. Snyder, secretary. A social and benefit for St. John's parish churches will take place at the Crofton Hotel in Veteran, Friday evening, February 22, starting at 8 o'clock.

America No Less Ambitious Than Other Countries With Its Plans for Spy System, Propaganda Scheme
 By DAVID LAWRENCE

Washington, Feb. 19—There's a viewpoint known in foreign countries and that the American news agencies do not penetrate all countries. These American news associations have built up a reputation for integrity—and integrity means complete separation from the influence of any government or from the receiving of government funds.

In the few places in the world where the American press associations do not cover, there is no reason why American embassies and legations should not furnish the newspapers there copies of all official texts and any information needed by the press to answer questions concerning American policies.

But this is a far different thing from a propaganda broadcast which the United States government agencies would be sending to certain statements which the listener could be asked to believe are authentic and which, if presented between bulletins of the press associations, could hurt the prestige of news disseminating companies by creating the impression that the Gobel's technique has finally prevailed in the democratic countries.

Plenty of information about the United States can be distributed through official channels, but there is no necessity for the American government to go into the business of distributing news or giving out interpretations of news which it will not sponsor officially. During the war, broadcast of an editorial nature were written to influence opinion in foreign countries and psychological warfare, as it was then called, was generally conceded to be desirable as a means of stirring up revolt in enemy countries and shortening the war.

But in peacetime it is not the function of the American government to attempt to influence public opinion in other countries through the questionable methods of broadcast propaganda which the United States itself so often has denounced, whether it emanated from Moscow or Berlin.

There are some observers who see little difference between the Communist and Fascist propaganda machines, on the one hand, which in the last decade or more have received official sanction by governments in Europe and the plan of the American government likewise to adopt propaganda methods so as to put across a certain viewpoint in foreign lands.

But it will be contended that it is essential to get the American

viewpoint known in foreign countries and that the American news agencies do not penetrate all countries. These American news associations have built up a reputation for integrity—and integrity means complete separation from the influence of any government or from the receiving of government funds.

Mothers' Club Gives Tea for Teachers

The Mothers' Club of School No. 5 entertained the teachers at a St. Valentine's tea Thursday afternoon. The tea table was decorated with a centerpiece of red and white carnations and candles. Refreshments were in keeping with the Valentine theme. Mrs. George Yerry, Jr., and Mrs. Henry Singer presided at the tea table. About 40 attended.

Prior to the tea a regular monthly meeting of the club was held. Mrs. George Dingee, grade supervisor for the elementary schools, was the guest speaker. She emphasized the fact that parents should be concerned with the child as an individual rather than comparing him with other members of his class. They should also build a readiness and interest in reading. She believed that more benefit could be obtained in the kindergarten work if the child were nearer five years of age when he began the work.

Sorosis Studies Plastics

At Regular Monday Meeting
A study of plastics was made at the meeting of Sorosis at the home of Mrs. Theron Culver, 83 Washington avenue Monday afternoon. Mrs. Grover Lasher gave the paper for the day.

During the current events forum which opens every meeting mention was made of the death of Adolf Lorenz at 91, orthopedic specialist who practiced bloodless surgery, and the anniversary of the beginning of the battle for Iwo Jima.

In her paper Mrs. Lasher defined plastics as a science and invention which through their development during the past few years are now presented in a wide range of colors and textures. She spoke of the various uses such as soles for shoes, household gadgets, furniture, making soft wood hard and plywood that is harder than metal. Although the industry is still young, it is a fast growing one with many patents pending. She noted that the results which the scientists obtain often startle the scientists.

Among the other plastic products, Mrs. Lasher mentioned bakelite introduced by John Westinghouse at Albany; vanillin, a vanilla substitute made from waste wood products; soy bean products used by Henry Ford in his automobiles; buttons made from sour milk; plastic piping used in plumbing and prefabricated homes. She spoke also of some of the waste products which can be converted into useful articles such as nut shells, corn husks, corn cobs and asparagus butts which are made into plywood. Lignum, a resinous wax-like substance in plant growth, is used to develop many of these articles.

Next week the club will meet in the Parker Room of the Senate House Museum. Mrs. Harry P. Van Wageningen will give the paper on "Occupational Therapy."

W. C. T. U. Will Hold Willard Memorial Tea

Willard Memorial Tea will be held at the home of Mrs. Anna Goodsell, 29 Green street, for Kingston Woman's Christian Temperance Union Thursday afternoon at 2:30 o'clock. Mrs. Minnie Dunnigan will lead the devotion. The program will be in two parts. Mrs. Marie Gunther will give a paper on "Venereal Disease Control." Mrs. Lillie Shultis will review some of the outstanding works of Frances Willard. The memorial offering will be received.

Comforter Men's Club Has Active Program

Comforter Men's Club will hold its regular monthly meeting at Comforter Hall, tonight at 8:30 o'clock. All Comforter returned veterans are invited. Members and guests are asked to come early. Games will be arranged before and after the meeting.

The club has arranged to have an informal talk by Waldron DuMont of the Veterans' Service Bureau.

The committee will arrange games of checkers, chess, dominoes, dart-ball as well as those already in the hall—shuffle-board and ping-pong for the further entertainment for those present. Refreshments will follow.

The Men's Club is one of the organizations of The Church of the Comforter in which all men of the church and the community may come for an evening of enjoyment and relaxation. It is the one group "for men only." Each month a different type of meeting has been planned. During the year a "Father-Son Dinner" will be sponsored by the club as well as the annual Comforter Minstrels.

Card Parties

Junior Married Women's Club Will Hold Dessert Party
A dessert card party will be held at the Y.W.C.A. Thursday evening under the auspices of the Junior Married Women's Club. Games will start at 8 o'clock. Tables are asked to furnish their own cards. Danseuse Is First Artist at New Paltz

Iva Kitchell, premier danseuse, in the art of parodies and pantomimes presented a program of dances at the New Paltz State Teachers College Friday night. This was the first in a series of guest artists programs sponsored by the student council of the school.

As part of her repertoire of 12 numbers, Miss Kitchell presented her version of "Maise at the Movies," "The Diligent Char," a parody on an 18 year old potential danseuse and the romantic moorings of a love struck adolescent. Other dances were "Ze Ballet," "Non Objective," "The Toothache" and "The Gentleman Friend."

Miss Kitchell's entire repertoire was original and creative. She designs and makes her costumes. She has danced with the Chicago Opera Ballet, the Russian Ballet, and at Radio City Music Hall. She has also completed five transcontinental tours as well as concert appearances in other countries.

Miss Ruth Cumble, her accompanist is an artist in her own right. Her selections included works of Regner, Gautier, Beethoven, Schubert, Lehar and original arrangements by Harvey Brown.

Other guest artists who are scheduled at the school are Leiland Stowe, war correspondent, March 13; Ruth Bryan Owen, former congresswoman and diplomat, April 9; and Conrad Thibault, concert baritone, May 8.

Mrs. J. J. Murphy, Jr. Is Hostess to Olympian Club

Mrs. James J. Murphy, Jr. entertained the Olympian Club Monday evening at her home, 255 Pearl street. Eighteen members were present.

Before reading her prepared paper on "Polly Put the Kettle On," Miss Winifred Sullivan told the members that at the close of her paper a roll would be called when members would respond by telling of some treasured teapot or dish in their possession. Besides explaining the production of tea and naming its several uses, Miss Sullivan stated that for a long time she had been enjoying the privilege of raising tea until a new plant could be produced was it possible to raise it outside of China.

Mrs. Sarah Regendahl read an article by Christopher Morley entitled "The Tea and the Get Trimmed." There was a quiz on leading birthdays occurring in February.

At the close of the program, a social hour followed with refreshments served by the hostess. The next meeting will be March 4 at the home of Miss Sadie Schutt, 85 Main street. Miss Isabel Thompson will have the paper.

GIRL SCOUT NEWS

Valentine Party

The girls who are working for the hostess badge with Mrs. Max Chirlin entertained Troop 5 with a Valentine party Thursday. They are Mary Ambrose, Marilyn Werbalowsky, Sally Castiglione, June Caruso, Kathryn Schiavone, Betty Ann Campbell, Ann King, Joan Barnovitz, Helen Barnum, Susan Phalen and Josephine Mancuso. The girls took entire charge of the plans, purchasing and preparation of refreshments, and entertainment. Troop 5 had no Christmas party because there was so much illness at that time, so the scouts exchanged gifts in a Valentine grabbag instead of exchanging valentines. Awards in the games were won by Ann Hornbeck and Nancy Gray.

Volunteers were requested to help pack articles for the Russian War Relief at the Y.W.C.A. Wednesday at 3:30 o'clock. The following girls were selected: Claire Griffin, Pauline Hohenberger, Margaret Johnston, Helen Barnum, Janet Hutton, Ruth Kelley, Patricia Houghtaling, Mary Hackett and Jean Fay.

Troop 7

Troop 7 had a Valentine's eve dance at the Y.M.C.A. Music was by the Top Hatters. Bowling scores for Troop 7 Saturday afternoon at the Central Recreation Alleys were: Game 1—Highest scores, Joyce Auchmoody and Joan Bennett of Team 3. Game 2—Evelyn Long and Joan Bennett of Team 4.

Troop 11, St. John's

Senior Scouts are working on the project of etching on glass.

Troop 37, Stone Ridge

Troop 37 had a Valentine party and dance at the Stone Ridge Grange Hall Friday, February 15. Monday evening at the regular meeting of Stone Ridge Grange, the girls from Troop 37 will present a quiz program about Abraham Lincoln and George Washington.

Troops 8 and 39, St. Joseph's

Troops 8 and 39 had a Valentine party Tuesday night. Refreshments were served and games played.

Troop 58

Troop 58 had a Valentine party Monday night. Refreshments were served which included a large Valentine cake. The girls exchanged Valentines and enjoyed music.

Penny Hike

Instead of the regular Monday meeting, ten Girl Scouts of Troop 51 held a "Penny Hike" Sunday afternoon, February 10. This is the hike that is described in the January Girl Scout Leader Magazine. If any other troop is contemplating such a hike, the girls of Troop 51 would advise the troop to wear old, warm clothes and rubber shoes.

Before the hike there was a quiz on Juliette G. Low. The members of the winning team were Alberta Lord, Elsie Proper, Betty Anne Thomas and Alice Tubby. During the hike, the pennies collected were put in a jar for the Juliette Low Memorial Fund. Betty Anne Thomas was elected Juliette Low representative. After the hike the girls enjoyed a box lunch in the Scout rooms. Alice Tubby taught the girls a game called "Advancing Statues" and Rosemary Doyle taught a "Numbers" game. During the week two of the girls decorated a bassinet as part of their work for the child care badge.

Troop 9 St. Joseph's

Senior Wing Scouts held their regular meeting Tuesday, February 12 and discussed the advisability of corresponding with girls from the Netherlands. They have been working for several weeks now on a project on Holland. They inspected new Girl Scout room in St. Joseph's School and made tentative plans for redecoration.

Troop 22 Rondout Presbyterian

All the girls in the troop are busy working on arts and crafts some for the badge and some for work toward second class rank. One patrol is braiding a rug, another is doing some painting under the direction of Mrs. William J. McVey and the third patrol is crocheting. All in the troop who have not received the second class rank are working for it.

Troop 45 Fort Ewen Reformed

The Senior Scouts held a Valentine party with invited guests Monday night, February 11. A scavenger hunt and refreshments were enjoyed. In the regular meeting the girls continued work on the minstrel badge.

Troop 55 First Presbyterian

The Brownies of Troop 55 opened their regular meeting Thursday with the Fairy Circle, played Valentine games, reported on the success of the Valentines which they had made at the previous meeting for their mothers.

Troop 54 First Presbyterian

Following regular patrol reports, the Girl Scouts of Troop 53 discussed the possibility of corresponding with the troop of Girl Guides in Holland. The girls are interested in collecting books to be sent to them. They worked on their song book covers, which are the same size as the Girl Scout

KINGSTON LADY SPIT

UP ACID LIQUIDS FOR
HOURS AFTER EATING

For hours after every meal, a Kingston lady used to spit up a strong, acidulous liquid mixed with pieces of half-digested food. She says it was awful. At times she would nearly strangle. She had stomach bloated, daily headaches and constant irregular bowel action. Today, this lady eats her meals and enjoys them. And she says the change is due to taking ERB-HELP. No gas, bloot or spitting up after eating. She is also free of headaches now, and bowels are regular, thanks to this Remarkable New Compound.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Sold by All Drug Stores here in Kingston.

Girl Scout Leaders

The Girl Scout Leaders of the Kingston district met in the Junior dining room of the Governor Clinton Hotel for their regular monthly meeting Monday, February 11. Mrs. Fred Stang, president, presided at the business session. She reported on a letter from the Netherland Girl Guides (as scouts are called in Europe). This is the first since before the war and many of the leaders were interested in having their members correspond with them in the International Friendship Field. Plans for Camp Wendy at Wallkill were also discussed. Most of the leaders were interested and hoped the camp which has been used as a farm labor camp during the emergency, might be re-opened for scouting.

Many of the leaders plan to attend a council meeting to be held Tuesday, February 19 in the First Dutch Church House.

Work session was led by Mrs. Beatrice Sakers in painting pottery begun at the January meeting by Mrs. McVey. Many of the leaders completed the project and are planning to use it in their individual troops.

CHARLIE TIANO

It is always a fascinating experience to watch an accomplished bowler go to work on a pair of alleys that he can murder. We saw such an exhibition in Catskill Saturday night, at what we considered rather excellent bargain rates of only \$1.50. This is the fee normally assessed losing teams in "stick" matches. We got stuck—but only from a financial standpoint.

Al DeSantis, Catskill's leading kugler, furnished us royal treat with a sizzling 720 triple on games of 189, 285 and 246.

Highland Jayvees Seize NOSU Crown With 31 to 18 Win

The flag of the NOSU League is flying over both the Highland varsity and jayvee strongholds today following week-end games. Recently Coach Will Burke's senior quintet copped the NOSU crown and on Friday night in New Paltz, the jayvees took a stroll and hammered out a 31 to 18 win over the New Paltz junior five. It was Highland's sixth straight conquest. Montelone found the cords for 10 points to spark Highland to the victory while FitzGibbons scored five for Coach Leonard Wood's basketweavers.

In the main attraction Friday night, Will Burke's squad completed the night for Highland by good style by romping to a 59-22 win over New Paltz. Frank Romeous and Bill Weston led Highland's great scoring punch with 21 and 16 points respectively. Rheel, in 10 counters for Highland. Standings in the jayvee loop:

Gardella and Olmo Quit Big Leagues For Mexican Ball

New York, Feb. 19 (AP)—Mexican baseball promoters, with plenty of pesos to offer as bait, are attempting to outbid the major leagues in the Latin American ivory market and are invading the player lists of U. S. leagues.

Headed by Bernardo Pasquel, millionaire president of the Mexican professional baseball league, the promoters from across the border made their first big strike yesterday when Luis Olmo, fleet-footed 313 hitting Brooklyn outfielder, signed a three-year contract with the Vera Cruz club. Along with Olmo, who reportedly is getting \$10,000 a year plus expenses for his wife and himself, the Mexicans signed the colorful Danny Gardella, a combination outfielder-first baseman with the New York Giants last year. Gardella has been in the bad graces of the Giants since he spurned a \$5,000 contract and Manager Mel Ott had Danny ticketed for the minors.

Auditorium Tilt Slated for 9 P. M.; Prelim Between Juniors, Rosendale 7:30

Fresh from their 50 to 49 overtime victory over the Liberty American Legion team, Coach Lou Schaffer's Y.M.C.A. varsity eagles engage the strong Middletown Swanks of the Orange-Sullivan League tonight at the municipal auditorium. Game time is slated for 9 o'clock sharp. A preliminary featuring the "Y" Juniors and the Rosendale A. C. will go on at the boards at 7:30 o'clock.

"Tonight's clash shapes up as one of our stiffest battles of the season," Bert Streeter, manager of the "Y" club declared today. "The Swanks will come to Kingston with a strong array of basketball talent which is one of the toughest to beat in that Orange-Sullivan League." Streeter added "The Swanks are currently in fifth place in that loop with only four wins in 10 starts, but they've suffered a lot of tough breaks in recent games. They'll be plenty tough to beat tonight."

Middletown lost its last start in the Orange-Sullivan League by the score of 46 to 41 and made it necessary for the Middies to beat both Newburgh and Port Jervis in order to gain a berth for the play-off.

Flotsam and Jetsam

High triples were a dime a dozen on Kingston alleys over the week-end—Johnny Ferraro's 670 set the pace, while Al Jones powdered a 632 just to prove that he still has rightful claim to the franchise. "Stogie" Robinson and Cliff Quick assisted in the interment services for the Elks, with 626 and 608. . . . Lillholt, of Monticello, bashed a 243 and 632. "Skip" Bounce-Skip" Abbott put on a gaudy performance as Electrols upset Hercules in the first block of the annual March of Dimes duel. . . . Jimmy, of the unorthodox approach, was something of a terror in the days of Pete Greco's Colonel drives. . . . "Chief" Mueller batted out an other 650 with Schwartz. . . . Could he be taken on monkey glands. . . . Mayor Edelmuth was a bit off form with his opening ball last night at the City Championships. . . . Came up with eight pins, but it was good enough to cost George Fleming's quarter. . . . George and hizzoner were a standing bet on eight pins or more for the "first balls". . . . Alley conditions are the best in the history of the tournament and we look for all-time records to be set.

Firemen Turn Back Buckeyes, 53 to 36

With Williams and C. Schoonmaker leading the scoring drive, the High Falls Firemen scored a 53 to 36 victory over the Kingston Buckeyes Saturday night in High Falls. Williams ripped the cords for 18 markers while Schoonmaker counted for an even dozen. Haber found the hoop for 12 in a losing cause.

In the preliminary, St. Peter's of Kingston took a 17 point victory over the High Falls Juniors by the score of 40 to 23. Carter and McCauley sparked the Kings-tons winners, Smith tossed in nine for High Falls.

Paced by Bock, Bruce and Krom, the American Legion eagles scored a 41 to 35 victory over the Madden Aces last week. Bock pushed in 18 points, Krom had nine for the winners.

Bowling

Electrol Keglers Win First Match; Abbott Rolls 623

In the special benefit bowling match for the National Foundation for Infantile Paralysis fund at the Central Recreation alleys Sunday afternoon, the Electrol keggers pounded out a 178 pin victory over Hercules. The second and final match will be rolled on alleys 11 and 12 March.

With Jim Abbott leading the way with a heavy 623 triple on scores of 201, 200 and 222, the Electrol five hammered out a 2882 team triple against Hercules 2704. Tony LaRocca was second high in the match with his impressive 597 three-timer. Joe Dulin sparked Hercules with 585 and Chick Maurer came on with 576.

The two benefit matches were arranged by Andrew Gilday of Hercules and Charles Rabble, representatives of the Electrol plant.

Arms Found in Manhole May Be Degnan Girl's

Chicago, Feb. 19 (P)—The arms from the body of a young girl believed to be Suzanne Degnan, 6, kidnapped, killed and dismembered on January 7, were found today in a manhole three blocks from the Degnan home.

All other parts of the little girl's body were recovered the night of the kidnapping in four sewer catch basins within two blocks of the residence of her parents, Mr. and Mrs. James E. Degnan, at 5943 Kenmore avenue.

In Chicago's most extensive manhunt for the fiendish killer, sewer department crews, policemen, firemen and neighbors searched alleys, sewers and every other possible place for the arms of the little victim.

The arms found today were located by Commonwealth Edison Company workmen in a manhole in North Broadway, 100 feet north of Hollywood avenue.

Twenty Believed Dead In New Orleans Fire

New Orleans, Feb. 19 (P)—A terrific explosion, followed by fire, leveled a three-story apartment building in the downtown residential area here today, killing an undetermined number of persons and injuring a score of others.

Fire Chief Frank Rivard and police estimated that a score or more of persons, all Negroes, lost their lives in the blast or fire, while a score of others were injured.

They said the building housed 53 residents. The blast occurred at 6:35 a. m., while the occupants were getting breakfast or preparing to go to work.

Army and Navy ambulances were called into service to augment city ambulances in rescue work. Service men from the port of embarkation and the Navy also aided police and firemen.

Anna Atkins Injured

Miss Anna Atkins of Port Ewen, secretary at the Department of Commerce office on Broadway, who was injured in an automobile accident Saturday night, is reported to be improving and her condition this morning was reported as good. Miss Atkins was injured when the automobile in which she was riding, on Route 28, skidded on an icy spot in the roadway and overturned. She was taken to the hospital suffering from concussion and possible fracture of the skull.

Mother of 5 Killed

Claverack, N. Y., Feb. 19 (P)—Mrs. Mary Balshewell, 36, Hudson, mother of five children, was killed today when the car in which she was riding collided with a tractor-trailer. Another passenger, Albert B. Howard, 37, Philmont, was injured critically.

Local Death Record

The funeral of George P. Holstein, was held Monday afternoon from the James M. Murphy Funeral Home. The services were conducted by the Rev. Frank L. Gollnick pastor of the Trinity Evangelical Church, and were largely attended by relatives and many friends of the deceased. Burial was in St. Peter's cemetery. The casket bearers were Howard Hornbeck, Roger Peters, Edward Stapleton, Leo Schatzel, Henry Dittus and Leo Kain.

Angelo Sasso died in this city today. He is survived by his wife, Mrs. Maria Theresa Iannone Sasso; six sons, Thomas, Michael, Charles, John, Dominick and Angelo Sasso, Jr.; and three daughters, Mrs. James C. Ferraro, Fannie Sasso and Rose Sasso all of Glasco. Funeral services will be held from the late home in Glasco today at 9:30 a. m. and at St. Joseph's Church at 10 o'clock where a high Mass of requiem will be offered for the repose of his soul. Burial will be in the family plot at St. Mary's Cemetery, Barclay Heights.

The funeral of Louis Ruekward Fitch who died last Thursday at the Nyack Hospital was held from the Jensen and Degnan Funeral Home yesterday at 1:30 p. m. Services were conducted by the Rev. Russell Gaenzle, pastor of the Evangelical Lutheran Church of the Redeemer. During the bereavement large numbers of friends came to pay their last tribute to his memory. On Sunday evening a large delegation from the Brotherhood of Railway Clerks visited the parlors and conducted their ritualistic services. There was a large number of floral tributes testifying to the high esteem in which he was held. The bearers, all former fellow workmen, were Chauncey Stewart, Edmund Zeidler, Richard Brady and Henry Gausko. Burial was in the Wiltwyck Rural Cemetery where the committal services were conducted by the Rev. Mr. Gaenzle.

The funeral of J. Harold Cunningham was held from the Henry J. Bruck Home for Funerals, 27 Smith avenue, Monday morning at 9 o'clock, thence to St. Joseph's Church, where a high Mass of requiem was offered at 9:30 for the repose of his soul by the Rev. John Brown. The responses to the Mass were sung by the children's choir, assisted by Mrs. Frank Rafferty at the organ. At the offertory Anthony Bonacci sang the "Ave Maria" and at the conclusion "Vale." The church was filled with his many friends. A group from the Rosenbaum Co. attended the Mass in a body. Sunday evening the American Legion called and conducted their ritual at 7:45. Sunday afternoon the Rt. Rev. Msgr. Stephen P. Connelly called and led those assembled in the recitation of the Rosary. The Rev. John D. Simmons also called and said prayers for the dead. Interment was in St. Mary's Cemetery, where the Rt. Rev. Msgr. Stephen P. Connelly gave the final blessing, after which a volley of shots were fired over the flag draped casket. Taps were then sounded by Bugler.

IN MEMORIAM

In loving memory of Emil Lip-ton, who departed this life, February 19, 1945.

We often sit and think of you And then of how you died To think you could not say good-bye

Before you closed your eyes. No one knows our longing And no one sees us weep. We shed our tears from aching hearts

While others are fast asleep.

Signed,

Sam Forte. The squad consisted of Sergeant of Guard Roy Houghtaling, Wilson Boyce, Henry J. Fisher, Victor Osborn, Samuel Peterman, Charles Shultz and Louis Tudoroff. The bearers were Gerald Tucker, P.F.C. Richard Tucker, M. Sgt. John Hallenbeck, John M. Clair, Richard B. Clair and George A. Dempsey.

The funeral of James F. Farrell who died suddenly on Friday, was held from his late residence, 20 Fair street, Monday morning at 10 o'clock, thence to St. Joseph's Church where a high Mass of requiem was offered at 10:30 o'clock for the repose of his soul by the Rev. John D. Simmons. The responses to the Mass were sung by the children's choir assisted by Mrs. Frank Rafferty at the organ. The church was filled with his many friends with about 50 officials and employees of the New York Telephone Co. of which Mr. Farrell was a member, acted as honorary escort at the church. Sunday evening 200 officials and fellow employees of the New York Telephone Co. called in a body to offer their sympathy coming as far as Glens Falls showing the high esteem in which he was held among his fellow employees. Sunday evening the Rev. John Brown called and led those assembled in the recitation of the Rosary. The Rt. Rev. Msgr. Stephen P. Connelly, the Rev. A. A. Donohue of Saugerties, N. Y., and the Rev. John D. Simmons called and said prayers for the dead. The room was completely banked with flowers and there were many spiritual bouquets in the form of Mass cards. The bearers, all fellow employees, were Frank Bliss, Addison Schultz, Frank Malone, Timothy Hoben, Vincent Steeley and William E. McQuade. He was placed in the Ferndale Cemetery Vault of Glensville, N. Y., for interment later.

Pius Prepares Major Address on Catholicism

Vatican City, Feb. 19 (P)—Pope Pius XII may make a major pronouncement on the position of the Roman Catholic Church in the uneasy world situation when the new cardinals gather tomorrow to receive their first insignia of office from the pontiff.

The forecast of a major Papal pronouncement was made tonight.

The Pontiff's address will be delivered after he places birettas on the heads of the new cardinals present at the Vatican. The colorful ceremony will be held in the Hall of Benedictions over the portico of St. Peter's Basilica.

Vatican attaches said they understood the Pope's broadcast address at the conclusion of the ceremony was expected to last 30 to 40 minutes and would be an important review of war-inherited problems of the world.

Prominent Priest Dies in Catskill

Catskill, N. Y., Feb. 19 (P)—The Rev. John Lynch Smith, 71, who during his 47 years as a priest served parishes in Watervliet, New Lebanon, Delaware and other upstate New York communities, died today after more than 20 years as pastor of St. Patrick's Church here.

A native of Albany, he came to Catskill in 1925, and in addition to serving St. Patrick's Church he was dean of Greene and Delaware counties, supervising 12 churches in that area. He served as New York State Chaplain of the Knights of Columbus in 1933-34.

Ulster County Committee Becomes Permanent Organization to Combat Anti-Vivisection Legislation Introduced at Albany

MEDICAL RESEARCH HD—... Thousands of lives are saved daily by the use of new medical discoveries such as the sulphur drugs and penicillin, which have been made available only through animal research, it was said Monday evening at a gathering of the Ulster County Committee of Friends of Medical Research.

The Ulster County Committee was made a permanent organization last night to combat anti-vivisection legislation that may be introduced at Albany.

Dr. J. Spottiswood Taylor, director of the City of Kingston Laboratory, was elected chairman. Arthur J. Laidlaw, superintendent of schools, vice chairman, and Miss Katherine M. Murphy, executive secretary of the Ulster County Tuberculosis and Health Association, secretary and treasurer.

The new organization has the backing of the Ulster County Medical Association.

Invites Suggestions

Dr. Taylor, who presided at the meeting, said that those present had been invited to attend to discuss the seriousness of the situation, and to offer suggestions as to the best methods to be used in combating the Di Costanzo bill, which has been killed in the codes

books.

Attention was called to the fact that close to 90,000 persons in New York state alone are alive and well because research on dogs made possible the discovery of the cause of diabetes and the development of insulin.

No Cruelty or Pain

There is no cruelty or unnecessary pain in handling animals in this research work, and it was emphasized that no pets are used. Research centers often have their own animal farms. Other animals are obtained from the thousands of stray dogs brought to the city pounds.

In New York state alone 130,000 stray, homeless dogs are killed by humane societies and dog pounds every year. Medical science uses not even a fraction of this number.

Several of the physicians said that dogs are essential in much of this research as their digestive and circulatory systems resemble closely that of man.

The importance of writing to their representatives in the senate and assembly was stressed. The help of every one interested in the advancement of medical research, it was said, is needed to defeat any measure which will sabotage medical research and endanger the health and lives of the people of the state.

Greenberg Weds Connecticut Girl

Famous Detroit Slugger Marries Carol Gimbel of Greenwich

Brunswick, Ga., Feb. 19 (AP)—The marriage of Capt. Henry (Hank) Greenberg and Carol Gimbel of Greenwich, Conn., almost went unnoticed by this southern port city.

The man who performed the ceremony, City Ordinary Edwin C. Dart, was unaware the groom was the famed outfielder of the Detroit Tigers until he received a telephone call from a newspaper.

The marriage ceremony was performed last night at Dart's home after the couple had motored here from St. Augustine, Fla. Dart said the couple told him they had planned to marry in St. Augustine while motoring from New York to Lakeland, Fla., site of the Tigers training camp.

Upon arrival in St. Augustine, the City Ordinary said, the couple discovered they were required by law to wait five days. Dart related that Mrs. Greenberg called him long distance and asked that he perform the ceremony.

Greenberg gave his age as 35 and Mrs. Greenberg listed hers as 30, Dart said. Greenberg is due to report to Lakeland Wednesday to begin spring training.

Wants Good Lunch Program in Schools

Senator Says 40 Per Cent of Children Not Getting Adequate Diets

Albany, N. Y., Feb. 19 (AP)—Senator Thomas C. Desmond, Newburgh Republican, asserted today that "fully forty per cent of our school children are not getting adequate diets."

Urging support of his bill to provide \$2,500,000 in state funds for a school lunch program, Desmond declared in a prepared speech:

"While this does not mean that they are clinical cases, it does mean they are being handicapped in the struggle for vigor, long life and happiness."

"It means that we must provide them with lunches at school which will assure that they get at least a third of their daily nutritional requirements."

Desmond, chairman of the joint legislative committee on nutrition, spoke at a conference of the state school lunch advisory committee. He said his bill "would provide annually about 50,000,000 lunches, besides considerable quantities of milk."

The senator declared that Congress also should continue federal aid for school lunches or the program, which, he said, serves 235,000 children in New York city alone, would be crippled.

Boost in Traffic Arrests

Harrisburg, Pa., Feb. 19 (AP)—The Pennsylvania State Revenue Department today reported a 40 per cent increase in traffic arrests during 1945, most of them for speeding and reckless driving violations. The increase followed a campaign to eliminate traffic violators from the road in an effort to curb the mounting number of motor accidents which resulted in an 11 per cent increase in deaths last year.

WE ADVISE ANYONE DESIRING TO PURCHASE ONE OF THE ABOVE HOMES IS TO "BUY NOW" AS ALREADY 18 HAVE BEEN SOLD

All but a few of the above houses were built by the Wm. C. Schryver Lumber Co., Inc., under the personal supervision of William C. Schryver. They are all built on good size plots, all beautifully landscaped, with lawns, evergreen trees and shrubbery. All the properties have garages, some are attached. Also some have two and three car capacity. All in a good location, and on very desirable streets and avenues. All can be purchased on a down payment established by the O.P.A. Balance on monthly payment like rent. Some prospective buyers are under the impression that a new home can be built in a few years at a low price. This procedure will not materialize for all material and skilled labor will stay in a very high bracket for a very long time. Any one desiring to purchase a home, the time is here TO ACT NOW, NOT LATER.

More and Complete Information can be secured by Calling in Person at Our Office or by Calling Only on Our Office Phone 2000 - 2001

We have also recently sold a large number of building lots at New Paltz and Kingston. We still have a number of very desirable lots for sale in Kingston and the Town of Ulster

N. Y. City Election Seen as Prophecy Of Trend in 1948

New York, Feb. 19 (AP)—The American Labor Party, usually a force of power organization in New York politics, pits its strength against the two major parties today in a special election in the 19th district of Manhattan's lower east side.

The three-way battle is the first sampling of opinion for a national election since President Truman entered the White House. The outcome of the election is expected to foreshadow the results of the presidential election in November.

The district is a traditional Democratic stronghold. The A.L.P. is named Johannes Steel, radio commentator, as its candidate in opposition to Army Captain William S. Shea, Republican, and Arthur G. Klein, Democratic standard-bearer.

Steel, a former Representative who lost his seat through re-election, has received the political blessing of former Mayor F. H. La Guardia and Secretary of Commerce Henry A. Wallace and has been supported editorially by the Daily Worker, Communist publication.

Major William O'Dwyer, U. S. Senator Wagner (D-N.Y.) and the Liberal party have backed Klein, who friends carried on the campaign for Shea, who was unable to take the stump because of Army regulations.

The election also marks a local split in the alliance between the Democrats and the A.L.P.—an alliance forged during President Roosevelt's administrations and continued as recently as last election day.

PORT EWEN

Port Ewen, Feb. 19.—Troop 26, Boy Scouts will meet this evening at 7:15 o'clock in the scout room in the Reformed Church basement.

The Public Health Nursing Committee for the Town of Esopus will not hold its regular monthly meeting tomorrow but will join with the School Association of School No. 13 Monday evening, February 25, when Miss Donderwee, State Dental Hygienist will be the speaker.

The Knit and Sew will meet tomorrow from 9:30 a. m. to 3:30 p. m. for an all-day sewing meeting. Work will be on flannel pajamas, hospital bed shirts, and fracture pillows. New material has been received for fracture pillow covers. A plea from the Red Cross has been received for workers to make garments for the hospitals and for civilians in war torn Europe. A pot-luck dinner will be served at noon.

The regular monthly meeting of leaders of Troops 45, 51 and 19 Girl Scouts and the Mothers' committee of these troops will be held tomorrow evening at 7:30 o'clock in the Girl Scout rooms.

The Presentation Women's Club will meet tomorrow evening at 8 o'clock in the parish hall.

The Dorcas church committee for Saturday, February 23 is Mrs. Clifford Davis, Mrs. Frank White, and Mrs. Herbert Christian. Members of the committee are requested to notify Mrs. Berens at what hour they will be at the church so that the building may be heated.

Liquor Dealers Favor Wicks-Hatfield Bill

The Ulster County Restaurant and Liquor Dealers Association at its last regular meeting adopted a resolution pledging support to the Wicks-Hatfield Bill. The measure provides for the building of a bridge between Kingston and Rhinecliff.

The resolution said in part that "it was the unanimous opinion of those present that a bridge and ferry service is sorely needed to connect Kingston with the east side of the Hudson river, and that the absence of such a bridge and ferry service has isolated Kingston from the east side of the Hudson river, continually causing great hardship, inconvenience and loss of time."

Copies of the resolution are being forwarded to Senator Arthur H. Wicks, Assemblyman John F. Wadlin, Assemblyman Ernest I. Hatfield, of Dutchess county and all other persons who can aid in passage of the bill. Robert E. Teetsell, president of the association, said.

Egypt's New Cabinet Gets Confidence Vote

Cairo, Feb. 19 (AP)—Premier Ismail Sidky Pasha's new government won a vote of confidence from the Chamber of Deputies last night while students continued demonstrations demanding withdrawal of British forces from Egypt.

The vote was 105 to 3, with 75 absences. The Saadist Party, headed by Sidky's predecessor Mahmoud Fahmy Nokrashi Pasha, declined to vote.

The new premier earlier gave the Chamber his pledge to work for the complete independence of Egypt and for unity of Egypt and the Sudan, which now is under joint British-Egyptian control.

Retain Ration Book 4

Housewives Are Told

Housewives were advised today by the Albany Office of Price Administration to retain in their possession War Ration Book 4, now used only to obtain sugar.

Although the currently valid Sugar Stamp 39 is the last stamp in War Ration Book 4 that is specifically labeled for purchases of sugar, spare stamps in that book will be designated as sugar stamps from time to time. For this reason, War Ration Book 4 should be retained even after Sugar Stamp 39 has been used, O.P.A. emphasized.

Sugar Stamp 40 was used for the 1944 home canning program, O.P.A. explained.

The invention of paper is attributed to Tsai Lun in about 105 A.D.

Speaker Tonight At First Dutch

JAMES E. GHEEN

James E. Gheen of New York city, public relations counselor with a nation-wide experience and reputation as an after-dinner speaker, will deliver the principal address tonight at the Washington's Birthday Dinner at the First Dutch Church. Two hundred fifty will gather for the turkey dinner, to be served at 6:30 and to hear Mr. Gheen, who is described as a business man with a keen sense of humor.

As a philosophical humorist, Mr. Gheen is said to have no peer on the public platform. His background of business training, which included newspaper work, as a re-

porter and as a constructive columnist and feature writer and his many years in the civic-commercial organization field has fitted him to present an unique viewpoint on many subjects which are particularly appealing and interesting to business men and women.

State of Emergency Decreed in Jamaica

Kingston, Jamaica, Feb. 19 (AP)—Widespread strikes and disorders led Sir John Huggins, governor of Jamaica, to proclaim a state of emergency here today.

Huggins said the critical labor situation threatened to interfere with the supply and distribution of food and with the means of transportation. He issued orders forbidding the possession of firearms in public places by any person except police officers or those with special permits, and banning all public meetings and processions in the metropolitan area.

Government officials, meanwhile, pressed an investigation of a fire Sunday night which caused the death of 15 male inmates of the Kingston Mental Hospital, where attendants struck last Friday.

Virtually all of 100 or more patients who escaped during the fire were reported rounded up.

Gales Rip Vienna

Vienna, Feb. 19 (AP)—A 90-mile wind ripped war-wrecked Vienna last night, knocking down weakened buildings, tearing out trees and killing at least four persons. About 200 were injured. The fire department was called out 150 times for rescue work and other operations.

Universal Trade Confab Arranged By U.N.O. Council

Session Will Be Called in United States for the Latter Part of 1946

London, Feb. 19 (AP)—The United Nations Economic and Social Council, concluding its initial London session, has agreed to summon an international trade conference for the latter part of 1946 and to hold its next meeting in New York on May 25.

Last of the United Nations bodies to adjourn, the Council appointed committees last night to

start work immediately on the trade conference, the refugee problem, control of narcotics, and relations with such specialized agencies as the World Federation of Trade Unions, the American Federation of Labor and the International Cooperation Alliance.

Countries named on the committee to prepare for the trade conference, originally proposed by the United States, were Australia, Belgium, Luxembourg, Brazil, Canada, China, Cuba, Czechoslovakia, France, India, Netherlands, New Zealand, Peru, Poland, Great Britain, Russia, the United States, Yugoslavia, the Soviet Union, Bessarabia and Colombia.

The trade conference would discuss reduction of trade barriers, establishment of an international trade organization and international plans for increased employment.

Proposals on freedom of information, the status of women and similar subjects were put over until the May session.

Mothers' Club Gives Tea for Teachers

The Mothers' Club of School No. 5 entertained the teachers at a St. Valentine's tea Thursday afternoon. The tea table was decorated with a centerpiece of red and white carnations and candles. Refreshments were in keeping with the Valentine theme. Mrs. George Perry, Jr., and Mrs. Henry Singer presided at the tea table. About 18 attended.

Prior to the tea a regular monthly meeting of the club was held. Mrs. George Dunlop, grade supervisor for the elementary schools, was the guest speaker. She emphasized the fact that parents should be concerned with the child as an individual rather than comparing him with other members of his class. They should also build a readiness and interest in learning. She believed that more benefit could be obtained in the kindergarten work if the child were never five years of age when he began the work.

The lecture in the evening will go to the United China Relief, which is a part of the National War Fund.

The program also will feature Miss Stradella Lawrence, solo singer of the Vassar College Choir. Tickets will be available to the public at the door.

Soros Studies Plastics

At Regular Monday Meeting

A study of plastics was made at the meeting of Soros at the home of Mrs. Theron O'Brien, Washington avenue Monday afternoon. Mrs. Grover Lasher gave the paper for the day.

During the current events forum, which opens every meeting, mention was made of the death of Adolf Lorenz at 91, an outstanding specialist who practiced blood surgery, and the anniversary of the beginning of the battle for Iwo Jima.

In her paper Mrs. Lasher defined plastics as between a science and invention which through development during the past few years are now presented in a wide range of colors and textures. She spoke of the various uses such as soles for shoes, household goods, furniture, making soft wood hard and plywood that is better than metal. Although the industry is still young it is a fast growing one with many talents pending. She noted that the results which the scientists obtain often startle themselves.

Among the other plastic products, Mrs. Lasher mentioned bakelite introduced by John W. Hyatt of Albany; celluloid, a vanilla substitute made from waste wood products; soy bean products used by Henry Ford in his automobiles; buttons made from sour milk; plastic piping used in plumbing; and pre-treated homes. She spoke also of some of the waste products which can be converted into useful articles such as nut shells, corn husks, corn cobs and asparagus butts which are made into plywood, laminum, a resinous wax-like substance in plant growth, is used to develop many of these articles.

Next week the club will meet in the Parker Room of the Senate House Museum. Mrs. Harry P. Van Wagoner will give the paper on "Occupational Therapy."

Danseuse Is First Artist at New Paltz

Iva Kitchell, premier danseuse, in the art of parodies and pantomimes presented a program of dances at the New Paltz State Teachers College Friday night. This was the first in a series of guest artists programs sponsored by the student council of the school.

As part of her repertoire of 12 numbers, Miss Kitchell presented her version of "Mae at the Movies," "The Diligent Char," a parody on an 18 year old potential danseuse and the romantic moonings of a love struck adolescent. Other dances were "Ze Ball," "Non Objective," "The Toothache" and "The Gentleman Friend."

Miss Kitchell's entire repertoire was original and creative. She designs and makes her costumes. She has danced with the Chicago Opera Ballet, the Russian Ballet, and at Radio City Music Hall. She has also completed five transcontinental tours as well as concert appearances in other countries.

Miss Ruth Cumbie, her accompanist is an artist in her own right. Her selections included works of Reger, Gaudier, Beethoven, Schubert, Lehar and original arrangements by Harvey Brown.

Other guest artists who are scheduled at the school are Leiland Stowe, war correspondent, March 13; Ruth Bryan Owen, former congresswoman and diplomat, April 9; and Conrad Thibault, concert baritone, May 8.

Mrs. J. J. Murphy, Jr., Is Hostess to Olympian Club

Mrs. James J. Murphy, Jr. entertained the Olympian Club Monday evening at her home, 255 Pearl street. Eighteen members were present.

Before reading her prepared paper on "Polly Put the Kettle On," Miss Winifred Sullivan told the members that at the close of her paper a roll would be called when members would respond by telling of some treasured teapot or dish in their possession. Besides explaining the production of tea and naming its several uses, Miss Sullivan stated that for a long time China alone enjoyed the privilege of raising tea. Not until a new plant could be produced was it possible to raise it outside of China.

Mrs. Sarah Regendahl read an article by Christopher Miley titled "The Tree That Didn't Get Trimmed." There was a quiz on leading birthdays occurring in February.

At the close of the program, a social hour followed with refreshments served by the hostess. The next meeting will be March 4 at the home of Miss Sadie Schutt, 35 Main street. Miss Isabel Thompson will have the paper.

Valentine Party

The girls who are working for the hostess badge with Mrs. Max Chirlin entertained Troop 5 with a Valentine party Thursday. They are Mary Ambrose, Marilyn Werbalowsky, Sally Castiglione, June Caruso, Kathryn Schiavone, Betty Ann Campbell, Ann King, Joan Barnovitz, Helen Barnum, Susan Phalen and Josephine Mancuso. The girls took entire charge of the plans, purchasing and preparation of refreshments, and entertainment. Troop 5 had no Christmas party because there was so much illness at that time, so the scouts grabbed instead of exchanging valentines. Awards in the games were won by Ann Hornbeck and Nancy Gray.

Volunteers were requested to help pack articles for the Russian War Relief at the Y.W.C.A. Wednesday at 3:30 o'clock. The following girls were selected: Claire Griffin, Pauline Hohenberger, Margaret Johnston, Helen Barnum, Janet Hutton, Ruth Kelley, Patricia Houghtaling, Mary Hackett and Jean Fay.

Troop 7

Troop 7 had a Valentine's eve dance at the Y.M.C.A. Music was by the Top Hatters. Bowling scores for Troop 7 Saturday afternoon at the Central Recreation Alley were: Game 1—Highest scores, Joyce Auchmoody and Joan Bennett of Team 3. Game 2—Evelyn Long and Joan Bennett of Team 4.

Troop 11, St. John's

Senior Scouts are working on the project of etching on glass.

Troop 37, Stone Ridge

Troop 37 had a Valentine party and dance at the Stone Ridge Grange Hall Friday, February 15. Monday evening at the regular meeting of Stone Ridge Grange, the girls from Troop 37 will present a quiz program about Abraham Lincoln and George Washington.

Troops 8 and 39, St. Joseph's

Troops 8 and 39 had a Valentine party Tuesday night. Refreshments were served and games played.

Troop 58

Troop 58 had a Valentine party Monday night. Refreshments were served which included a large Valentine cake. The girls exchanged Valentines and enjoyed music.

Penny Hike

Instead of the regular Monday meeting, ten Girl Scouts of Troop 51 held a "Penny Hike" Sunday afternoon, February 10. This is the hike that is described in the January Girl Scout Leader Magazine. If any other troop is contemplating such a hike, the girls of Troop 51 would advise the troop to wear old, warm clothes and rubbers.

Before the hike there was a quiz on Juliette G. Low. The members of the winning team were Alberta Lord, Elsie Proper, Betty Anne Thomas and Alice Tubby. During the hike, the pennies collected were put in a jar for the Juliette Low Memorial Fund. Betty Anne Thomas was elected Juliette Low representative. After the hike the girls enjoyed a box lunch in the Scout rooms. Alice Tubby taught the girls a game called "Advancing Statues" and Beaumont Day taught a "Numbers" game. During the week two of the girls decorated a bassinet as part of their work for the child care badge.

Troop 9 St. Joseph's

Senior Wing Scouts held their regular meeting Tuesday, February 12 and discussed the advisability of corresponding with girls from the Netherlands. They have been working for several weeks now on a project on Holland. They inspected new Girl Scout room in St. Joseph's School and made tentative plans for redecorating.

Troop 22 Rondout Presbyterian

All the girls in the troop are busy working on arts and crafts some for the badge and some for work toward second class rank. One patrol is braiding rug, another is doing some painting under the direction of Mrs. William J. McVey and the third patrol is crocheting. All in the troop who have not received the second class rank are working for it.

Troop 45 Port Ewen Reformed

The Senior Scouts held a Valentine party with invited guests Monday night, February 11. A scavenger hunt and refreshments were enjoyed. In the regular meeting the girls continued work on the minstrel badge.

Troop 55 First Presbyterian

The Brownies of Troop 55 opened their regular meeting Thursday with the Fairy Circle, played Valentine games, reported on the success of the Valentines which they had made at the previous meeting for their mothers.

Troop 54 First Presbyterian

Following regular patrol reports, the Girl Scouts of Troop 54 discussed the possibility of corresponding with the troop of Girl Guides in Holland. The girls are interested in collecting books to be sent to them. They worked on their song book covers, which are the same size as the Girl Scout

KINGSTON LADY SPIT

UP ACID LIQUIDS FOR HOURS AFTER EATING

For hours after every meal, a Kingston lady used to spit up a strong, acidulous liquid mixed with pieces of half-digested food. She says it was awful. At times she would nearly strangle. She had stomach bloated, daily headaches and constant irregular bowel action. Today, this lady eats her meals and enjoys them. And she says the change is due to taking ERB-HELP. No gas, bloated or spitting up after eating. She is also free of headaches now, and bowels are regular, thanks to this remarkable New Compound.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach and soothe liver and kidneys. Miserable people soon feel different all over. So don't go on suffering. Get ERB-HELP. Sold by All Drug Stores here in Kingston.

Girl Scout Leaders

The Girl Scout Leaders of the Kingston district met in the Junior dining room of the Governor Clinton Hotel for their regular monthly meeting Monday, February 11. Mrs. Fred Stang, president, presided at the business session. She reported on a letter from the Netherlands Girl Guides (as scouts are called in Europe). This is the first since before the war and many of the leaders were interested in having their members correspond with them in the International Friendship Field.

Plans for Camp Wendy at Wallkill were also discussed. Most of the leaders were interested and hoped the camp which has been used as a farm labor camp during the emergency, might be re-opened for scouting.

Many of the leaders plan to attend a council meeting to be held Tuesday, February 19 in the First Dutch Church House.

Work session was led by Mrs. Beatrice Sauters in painting pottery begun at the January meeting by Mrs. McVey. Many of the leaders completed the project and are planning to use it in their individual troops.

Gov. and Mrs. Dewey Will Entertain Tonight at Mansion

Albany, N. Y., Feb. 19 (AP)—The first large-scale social function in the executive mansion since Governor Dewey took office more than three years ago will be held tonight when the Governor and Mrs. Dewey are hosts at the national legislative reception. On the receiving line besides the Governor and Mrs. Dewey will be Lt. Gov. and Mrs. Joe R. Hanley, Attorney General and Mrs. N. L. Goldstein, Comptroller and Mrs. Frank C. Moore, and the legislative leaders, the commissioners and their escorts.

A red rose is supposed to symbolize: "I Love You."

'Y' Engages Middletown Quintet Here Tonight

In The Pocket

It is always a fascinating experience to watch an accomplished bowler go to work on a pair of alleys that he can murder. We saw such an exhibition in Catskill Saturday night, at what we considered rather excellent bargain rates of only \$1.50. This is the fee normally assessed losing teams in "sick" matches. We got sick—but only from a financial standpoint.

Highland Jayvees Seize NOSU Crown With 31 to 18 Win

The flag of the NOSU League is flying over both the Highland variety and jayvee strongholds today following week-end games. Recently Coach Will Burke's senior quintet copped the NOSU crown and on Friday night in New Paltz, the jayvees took a stroll and hammered out a 31 to 18 win over the Highland juniors.

Montelone found the cords for 10 points to spark Highland to the victory while FitzGibbons scored five for Coach Leonard Wood's juniors.

In the main attraction Friday night, Will Burke's squad completed the night for Highland in good style by romping to a 59-22 win over New Paltz. Frank Rome, coach and Bill Weston led Highland's great scoring punch with 21 and 16 points respectively. Rhea scored in 10 counters for Highland.

Gardella and Olmo Quit Big Leagues For Mexican Ball

New York, Feb. 19 (AP)—Mexican baseball promoters, with plenty of pesos to offer as bait, are attempting to outbid the major leagues in the Latin American every market and are invading the player lists of U. S. leagues.

Headed by Bernardo Pasquel, millionaire president of the Mexican professional baseball league, the promoters from across the border made their first big strike yesterday when Luis Olmo, fleet-footed 313 hitting Brooklyn outfielder, signed a three-year contract with the Vera Cruz club.

Along with Olmo, who reported a netting \$10,000 a year plus expenses for his wife and himself, the Mexicans signed the colorful Danny Gardella, a combination outfielder-first baseman with the New York Giants last year. Gardella has been in the bad graces of the Giants since he spurned a \$10,000 contract and Manager Mel Ott and Danny ticketed for the majors.

Pasquel said last week that his team also had signed other players belonging to the majors.

ONCE AVERAGED 200 IN CATSKILL LOOP

De Santis assaults alleys 4 and 5 in Catskill with uncanny precision. He is a former 200-average bowler having a big season after several on the lean side.

In the 285 game, the mild-looking, mild-mannered trundled poured in 10 straight strikes. He altered badly on the 11th, the ball skidding down the side of the alley and veering back at the last second to leave an awkward 4-pin setup. He chopped off three more on the last ball. Then followed with a 246. He was stung by a 10-pin in the 8th frame of the third game that kept him out of the 750 bracket.

It was De Santis' first 700, his previous high being 699. He was far more concerned over that than missing a perfect score. De Santis throws a medium hook, the jayvees took a stroll and hammered out a 31 to 18 win over the Highland juniors.

Flotsam and Jetsam
 High triples were a dime a dozen on Kingston alleys over the week-end. Johnny Ferraro's 670 set the pace, while Al Jones powdered a 632 just to prove that he still has rightful claim to the franchise.

Quick assisted in the interment services for the Elks, with 626 and 608. . . . Lillholt, of Monticello, bashed a 243 and 632. . . . "Skip-Bounce-Skip" Abbott put on a gaudy performance as Elks' upset Hercules in the first book of the annual March of Dimes duel. . . . Jimmy, of the unorthodox approach, was something of a terror in the days of Pete Greco's Colonial drives. . . . "Chief" Mueller batted out another 650 with Schwartz. . . . Could he be taken on monkey glands. . . . Mayor Edelmutz was a hit off form with his opening ball last night at the City Championships. . . . Came up with eight pins, but it was good enough to cost George Flemings a quarter. . . . George and hizzoner have a standing bet on eight pins or more for the "first balls." . . . Alley conditions are the best in the history of the tournament and we look for all-time records to be set.

A DYNASTY CRUMBLES
 You don't have to be a grey-beard to recall the days when Brown Hunter's Middletown State Hospital keggers terrorized valley opposition and feasted upon Kingston squads. But time marches on relentlessly and often does funny tricks with bowling gods. The Middletown crew, now known as the Elks, dropped five out of their last six games on local boards. The arrangement occurred Saturday night, when the Elks came to town primed to knock off Van Kleeck's, currently engaged in a desperate struggle with Newburgh Finnegans for the league lead. Van's dropped the first set, but roared back like champions to flatten the Elks in the last two. In the old days things like that wouldn't have happened, but these Van Kleeck's are conduct fellows to part them here. They are along orthodox stature as the rapidly assuming stature in the greatest bowling history. Kingston's bowling history. That's a rather large statement, to be sure, but every time they had to win, they came through. What other team in Kingston ever did that? What more can be expected of a team?

PAGING THE STARS
 Marty Cassin, of Rahway, N. J., well-known to Kingston bowling audiences, is generally regarded as the man to beat in the east. Flawless pocket buster, he has copped innumerable money matches. Shared third place in A.B.C. doubles in 1936 and rolled 725 for third in Detroit ABC singles. Former New Jersey state match game champion, he has copped for eleven 300 scores, four 299s. Currently awaiting matches with Varipapa, Sparando and Mike Shirghio.

Auditorium Tilt Stated for 9 P. M.; Prelim Between Juniors, Rosendale 7:30

Fresh from their 50 to 49 overtime victory over the Liberty American Legion team, Coach Lou Schafer's Y.M.C.A. varsity cagers engage the strong Middletown Swanks of the Orange-Sullivan League tonight at the municipal auditorium. Game time is slated for 9 o'clock sharp. A preliminary featuring the "Y" Juniors and the Rosendale A. C. will go on the boards at 7:30 o'clock.

"Tonight's clash shapes up as one of our stiffest battles of the season," Bert Streeter, manager of the "Y" club declared today. "The Swanks will come to Kingston with a strong array of basketball talent which is one of the toughest to beat in that Orange-Sullivan League," Streeter added. "The Swanks are currently in fifth place in that loop with only four wins in 10 starts, but they've suffered a lot of tough breaks in recent games. They'll be plenty tough to beat tonight."

Middletown lost its last start in the Orange-Sullivan League by the score of 46 to 41 and made it necessary for the Middies to beat both Newburgh and Port Jervis in order to gain a berth for the playoffs.

The Swanks are expected to take the floor tonight with Bentley and Gebauer at forwards, Gene Quackenbush at the pivot slot and Vuolo and Don Coleman in the backcourt. Middletown also will use Sam Mottola, an acquisition from Tuxedo and Central Valley's Dave Hollenbeck. Coach Lou Schafer seemed startled to stand pat with his starting lineup for tonight with Al Thomas and either Buddy Hughes or Jack Kelsa at forward, Buddy Smith at center and "Whitney" Meyers and Jack Purvis in the guard slots. This is the array which grabbed that thrilling 50 to 49 triumph from Liberty last Saturday night. Schafer, in talking about tonight's contest, told The Freeman that unless sufficient patronage is forthcoming at these special mid-week basketball attractions at the municipal auditorium, it will be impossible to engage such stellar clubs as Middletown, Poughkeepsie, Hudson and the others. "I can't meet expenses," declared Schafer, "we won't be able to do anything but merely cancel future contests for the auditorium boards."

Tonight's probable starting lineups:
 Kingston LF Bentley
 Thomas RF Gebauer
 Hughes C Quackenbush
 Smith C Quackenbush

With Jim Abbott Leading, Win First Match; Abbott Rolls 623

In the special benefit bowling match for the National Foundation for Infantile Paralysis fund at the Central Recreation alleys Sunday afternoon, the Electrical Keglars pounded out a 178 pin victory over Hercules. The second and final match will be rolled on weeks 11 and 12 March 5.

Abbott Hits 623
 With Jim Abbott leading the way with a heavy 623 triple on scores of 201, 200 and 222, the Electrical five hammered out a 2882 team triple against Hercules' 2704. Tony LaRocca was second high in the match with his impressive 597 three-hitter. Joe Dunlin sparked Hercules with 555 and Chick Maurice came on with 576.

The two benefit matches have been arranged by Andrew Gilday of Hercules and Charlie Raible, representatives of the Electrical plant.

Newburgh Here on Thursday In Vital DUSO League Game

Maroons Hope to Snap Streak and Goldbacks Hold on First in Loop Standings

One of the most important DUSO contests of the season takes place Thursday night at the municipal auditorium when Kingston High squares off against Newburgh in the final home game of the season for the locals. The Maroons, having lost two heartbreakers on the Broadway boards to Arlington and Monticello last week, is anxious to get back on the winning road, but it looks as if they will have a tough fight to do so.

Kingston already holds two victories over Newburgh this year, having beaten them 39-36 on the Hilly City court and 58-29 in the first round playoff game which resulted in Kingston and the Goldbacks being tied for the league lead.

Newburgh, on the other hand, is anxious to cop at least one game contest from the Maroons this year. The rivalry between these two schools is intense every time the color clash in everything from football to chess. The fact that both clubs are making strong bids for the DUSO title further adds to the intensity of the coming contest.

Team Off Color
 The two close defeats that the locals received last week has forced Coach Kias to drill his charges harder for the Newburgh game. The big three scoring men of Red Murray, Eddie Weaver and Tony Albano, although it returned to action Friday night, has not come back to its true form which says the Maroon cop six straight victories.

Everything points to a close, exciting contest from start to finish when Kingston clashes with Newburgh Thursday night, and DUSO fans who journey to the auditorium that night can be sure of getting their fill of good basketball.

Ups Seating Capacity
 New York, Feb. 19 (AP)—The Australian Lawn Tennis Association is proceeding with plans to enlarge the seating capacity of Melbourne's Kooyong Stadium from 12,000 to 16,000 in preparation for the Davis Cup challenge round in December, the Australian News and Information Bureau reported today.

Opening the annual play last night at the Railroad avenue drives, two new team triples were registered. In Class A competition, the Barrel Aces combined to smash out a rousing 2874 team triple, ousting last season's Class A triple of 2856. Rolling with a handicap of 282 pins, E. Sohm, Ernie Bartoff, R. Hart, H. Seacroft, and C. Robinson proceeded to post 500 scores for the punching score.

In another 9 o'clock tournament match, the Electrol Corsairs took the attention of keggers fans who congregated at the alleys as they registered a new high team triple in Class B with their 2781. This total surpasses the 1945-46 triple of 2673. R. Ellis, K. Woodman and R. Cord blasted 581, 579 and 570 to mount up the heavy score.

Newburgh Here on Thursday In Vital DUSO League Game

Maroons Hope to Snap Streak and Goldbacks Hold on First in Loop Standings

One of the most important DUSO contests of the season takes place Thursday night at the municipal auditorium when Kingston High squares off against Newburgh in the final home game of the season for the locals. The Maroons, having lost two heartbreakers on the Broadway boards to Arlington and Monticello last week, is anxious to get back on the winning road, but it looks as if they will have a tough fight to do so.

Kingston already holds two victories over Newburgh this year, having beaten them 39-36 on the Hilly City court and 58-29 in the first round playoff game which resulted in Kingston and the Goldbacks being tied for the league lead.

Newburgh, on the other hand, is anxious to cop at least one game contest from the Maroons this year. The rivalry between these two schools is intense every time the color clash in everything from football to chess. The fact that both clubs are making strong bids for the DUSO title further adds to the intensity of the coming contest.

Team Off Color
 The two close defeats that the locals received last week has forced Coach Kias to drill his charges harder for the Newburgh game. The big three scoring men of Red Murray, Eddie Weaver and Tony Albano, although it returned to action Friday night, has not come back to its true form which says the Maroon cop six straight victories.

Everything points to a close, exciting contest from start to finish when Kingston clashes with Newburgh Thursday night, and DUSO fans who journey to the auditorium that night can be sure of getting their fill of good basketball.

Ups Seating Capacity
 New York, Feb. 19 (AP)—The Australian Lawn Tennis Association is proceeding with plans to enlarge the seating capacity of Melbourne's Kooyong Stadium from 12,000 to 16,000 in preparation for the Davis Cup challenge round in December, the Australian News and Information Bureau reported today.

Opening the annual play last night at the Railroad avenue drives, two new team triples were registered. In Class A competition, the Barrel Aces combined to smash out a rousing 2874 team triple, ousting last season's Class A triple of 2856. Rolling with a handicap of 282 pins, E. Sohm, Ernie Bartoff, R. Hart, H. Seacroft, and C. Robinson proceeded to post 500 scores for the punching score.

In another 9 o'clock tournament match, the Electrol Corsairs took the attention of keggers fans who congregated at the alleys as they registered a new high team triple in Class B with their 2781. This total surpasses the 1945-46 triple of 2673. R. Ellis, K. Woodman and R. Cord blasted 581, 579 and 570 to mount up the heavy score.

Fight to Carry on Needed Animal Research

Ulster County Committee of Friends of Medical Research form permanent organization to combat anti-vivisection legislation introduced in the State Legislature at Albany. Here are some of the men and women who attended the organization meeting at the city laboratory last night.

Medical Research Group Discusses Use of Animals

Ulster County Committee Becomes Permanent Organization to Combat Anti-Vivisection Legislation Introduced at Albany

MEDICAL RESEARCH ID— Thousands of lives are saved daily by the use of new medical discoveries such as the sulphadiazine and penicillin, which have been made available only through animal research, it was said Monday evening at a gathering of the Ulster County Committee of Friends of Medical Research at the city laboratory.

The Ulster County Committee was made a permanent organization last night to combat anti-vivisection legislation that may be introduced at Albany.

Dr. J. Spottiswood Taylor, director of the City of Kingston Laboratory, was elected chairman; Arthur J. Laidlaw, superintendent of schools, vice chairman, and Miss Katherine M. Murphy, executive secretary of the Ulster County Tuberculosis and Health Association, secretary and treasurer.

The new organization has the backing of the Ulster County Medical Association.

Invites Suggestions

Dr. Taylor, who presided at the meeting, said that those present had been invited to attend to discuss the seriousness of the situation, and to offer suggestions as to the best methods to be used in combating the Di Costanzo bill, which has been killed in the codes.

Would Be Handicap

It was pointed out that the Di Costanzo bill if adopted would be a handicap to the physicians and scientific research workers seeking to find specific remedies for the remaining scourges of mankind, cancer, tuberculosis, infantile paralysis, rheumatic fever, arthritis, leukemia, high blood pressure, and other diseases afflicting mankind.

What was needed most was more publicity calling the attention of the general public to the need of this animal research, it was said by some of those present.

The use of dogs in the laboratory made possible the discovery of plasma as a blood substitute, thus saving the lives of thousands of men wounded in World War 2.

Treated Humanely

Dr. Moseley and Dr. Crandall in reply to questions from the floor said that all animals used for experimentation are treated humanely, and are given anesthetics just as are human beings who undergo operations in the hospitals.

Attention was called to the fact that close to 90,000 persons in New York state alone are alive and well because research on dogs made possible the discovery of the cause of diabetes and the development of insulin.

No Cruelty or Pain

There is no cruelty or unnecessary pain in handling animals in the research work, it was emphasized that no pets are used. Research centers often have their own animal farms. Other animals are obtained from the thousands of stray dogs brought to the city pounds.

In New York state alone 130,000 stray, homeless dogs are killed by humane societies and dog pounds every year. Medical science uses not even a fraction of this number.

Several of the physicians said that dogs are essential in much of this research as their digestive and circulatory systems resemble closely that of man.

The importance of writing to their representatives in the senate and assembly was stressed. The help of every one interested in the advancement of medical research, it was said, is needed to defeat any measure which would sabotage medical research and endanger the health and lives of the people of the state.

Greenberg Weds Connecticut Girl

Famous Detroit Slugger Marries Carol Gimbel of Greenwich

Brunswick, Ga., Feb. 19 (AP)—The marriage of Capt. Henry (Hank) Greenberg and Carol Gimbel of Greenwich, Conn., almost went unnoticed by this southern port city.

The man who performed the ceremony, City Ordinary Edwin C. Dart, was unaware the groom was the famed outfielder of the Detroit Tigers until he received a telephone call from a newspaper.

The marriage ceremony was performed last night at Dart's home after the couple had moved here from St. Augustine, Fla. Dart said the couple told him they had planned to marry in St. Augustine while motoring from New York to Lakeland, Fla., site of the Tigers training camp.

Upon arrival in St. Augustine, the City Ordinary said, the couple discovered they were required by law to wait five days. Dart noted that Mrs. Greenberg called him long distance and asked that he perform the ceremony.

Greenberg was 32, 5'10" and Mrs. Greenberg listed hers as 24. Dart said Greenberg is due to report to Lakeland Wednesday to begin spring training.

Wants Good Lunch Program in Schools

Senator Says 40 Per Cent of Children Not Getting Adequate Diets

Albany, N. Y., Feb. 19 (AP)—Senator Thomas C. Desmond, Newburgh Republican, asserted today that "fully forty per cent of our school children are not getting adequate diets."

Urging support of his bill to provide \$2,500,000 in state funds for a school lunch program, Desmond declared in a prepared speech:

"While this does not mean that they are clinical cases, it does mean they are being handicapped in the struggle for vigor, long life and happiness."

"It means that we must provide them with lunches at school which will assure that they get at least a third of their daily nutritional requirements."

Desmond, chairman of the joint legislative committee on nutrition, spoke at a conference of the state school lunch advisory committee.

He said his bill "would provide annually about 50,000,000 lunches, besides considerable quantities of milk."

The senator declared that Congress also should continue federal aid for school lunches or the program, which he said, serves 235,000 children in New York city, alone, would be crippled.

Dedicate Colors For New Legion Post in Esopus

New colors for the Esopus Township Post 1298 of the American Legion were dedicated Tuesday, February 12 at St. Leo's Hall, Port Ewen. Commander P. J. Beichert presided. George Hard acted as chaplain and the color guards were John Bach and Oakley Maynard.

In the absence of Adjutant Jim Dunbar, Bob Fairbrother took care of the records. Ed Doyle was delegated to organize a junior baseball team as part of the Post's Americanization program. It was decided that the Post will send an Esopus township boy to the Empire State Fair, June 26. The boy's expenses will be paid by the Post. The youngster will be chosen from a list of eligibles submitted by school authorities. Communications were read from County Commander Pat Irvine and others regarding the meeting of County Legion held in Esopus recently.

The Post was asked to support the forthcoming Red Cross fund drive, whereupon Commander Beichert lauded the Red Cross and promised co-operation. Kingston Post Commander, Lester Elmdorf, made a speech complimenting Commander Beichert. Another

WE ADVISE ANYONE DESIRING TO PURCHASE ONE OF THE ABOVE HOMES IS TO "BUY NOW" AS ALREADY 18 HAVE BEEN SOLD

All but a few of the above houses were built by the Wm. C. Schryver Lumber Co., Inc. under the personal supervision of William C. Schryver. They are all built on good size plots, all beautifully landscaped, with lawns, evergreen trees and shrubbery. All the properties have garages, some are attached. Also some have two and three car capacity. All in a good location, and on very desirable streets and avenues. All can be purchased on a down payment established by the O.P.A. Balance on monthly payment like rent. Some prospective buyers are under the impression that a new home can be built in a few years at a low price. This procedure will not materialize for all material and skilled labor will stay in a very high bracket for a very long time. Any one desiring to purchase a home, the time is here to ACT NOW, NOT LATER.

More and Complete Information can be secured by Calling in Person at Our Office or by Calling Only on Our Office Phone 2000 - 2001

We have also recently sold a large number of building lots at New Paltz and Kingston. We still have a number of very desirable lots for sale in Kingston and the Town of Ulster
